16TH YEAR. NO. 227.

EAST LIVERPOOL, O., THURSDAY, MARCH 7, 1901.

TWO CENTS

## CLOSE CONTESTS FOR THE HONORS

The Fight For Councilmanic Nominations Growing Hot In Several Wards

## LIVELY CAMPAIGN IN PROGRESS

Gill And Bullock Each Expected to Win—Third Ward Has Every One Guessing—Odd Contest in the Fourth And a Muddle in the Fifth.

It was thought some time ago that for once at least in the history of East Liverpool the contest for the various township and municipal offices would not be notable, so far as fights were concerned. But as the time for holding the primary draws near the political pot has reached a heat even surpassing that of former years.

The places that will be the most hotly contested are those for council in the several wards, four of the five having fights on which will grow very warm as the canvass progresses.

In the first ward there are but two candidates, Officer Charles Gill and Henry E. Bullock, and the candidates have already begun an aggressive campaign. It is understood that Mr. Gill expects to retire from the police force this spring. His opponent is a young man, but his friends assert he is a strong candidate. Should the latter win the First ward could boast of having the youngest two councilmen who ever held seats in the body.

In the Second ward there is no contest, Joseph Barlow being the only candidate. The people of this ward are more than satisfied with the aspirant, and it can be taken for granted that the affairs of that particular community will be well taken care of by O. D. Nice, the present incumbent, who makes a model official, and Mr. Barlow.

The Third ward has everyone guessing, even the oldest politicians in the city indulging in a little speculation respecting the outcome. There are two candidates, George Peach and John Horwell. Both men are sufficiently well known to the average citizen to require no introduction. The former gentleman has served many terms in the city council, having presided over that body for several years. Mr. Peach has been absent in the south for some weeks, and his friends have taken up the fight in his behalf. They are confident of victory for their candidate.

Mr. Horwell has also represented his ward in council on several different occasions, and is considered one of the hardest men in the district to beat. The people back of Horwell have had their coats off ever since his name was announced and do not propose to be whipped without knowing how it happened.

The Fourth ward is to the front with a contest of a rather peculiar character. For the past year the second precinct, which embraces West End, Sunnyside and Jethro, has had the entire representation. Messrs. Fisher and McLane both hail from the West End, within a square of each other, and the people of the first precinct are out to capture the place with a candidate in the person of LeRoy Orr. There are two candidates from the second precinct, George Olhausen, who has served in the council with credit to his ward, is a candidate, and Michael Mc-

Geever, also. The latter withdrew from the last contest, but this time he proposes to stay in until the finish. He is from the lower end of the ward.

It is likely that the successful Republican in the Fourth will have to face Fisher, as it is understood he will be the nominee on the Democratic ticket. He is not regarded as nearly so strong a candidate, however, as he was two years ago.

Orr's friends are determined to win, and with that end in view are in the fight to stay until the last vote is counted.

Things in the Fifth are in a muddle, and all because Alex Chaffin did not come up with his entrance money before the time limit expired. Alex has been devoting the entire time since the entries closed to an attempt to have the other candidates permit his name to go on the ticket, and was in a measure successful. However, the city committee have not given their consent to this, and it is not likely they will do so. The members of the committee hold that it would be establishing a very bad precedent to allow the name to go on at this time, as others would naturally expect and be entitled to the same privilege, and it would be useless in that event to fix any time limit.

The other candidates who have been announced in the Fifth are W. B. Thomas, J. H. Martin and Robert Surles. The latter gentleman's canvass is based upon the claim of his friends that the Klondike region, of which he is a resident, should have representation. It is a growing community, they say, and needs a man who is right on the ground and who has a personal interest in the district, to look after their affairs. W. B. Thomas is from the lower end of the ward, and is said to be a strong man on the ticket, while J. Harvey Martin hails from a point about midway between the others and will be a factor.

Taken all in all the battle of ballots will be a merry one, furnishing enough excitement for the most fastidious.

## STEAMER DAMAGED.

A \$10,000 Loss to the City of Pittsburgh. Many Coal Boats Pass Down.

The packet steamer City of Pittsburgh, the finest, most complete and probably the handsomest vessel that plies the Ohio and Mississippi waters, caught fire while moored to her wharfboat at Cincinnati yesterday afternoon. Before the flames could be extinguished the pilot house was consumed.

Only the officers and deckhands were on the boat at the time, although every preparation was being made for her to make her regular trip to Memphis at 6 o'clock last evening. Quite a large passenger list has been made up. In a short time the men had the fire under control, but not before the flames had communicated with the steamer Texas, which was laying nearby. The fire started from an overheated stove and the damage will amount to \$10,000.

It is almost two years ago since the City of Pittsburgh was built in Cincinnati for the Pittsburgh, Cincinnati and Louisville Transportation company.

The packet Greenwood passed down last night and the Ben Hur will be down tonight. During yesterday 3,150,000 bushels of coal passed East Liverpool and the fleet yesterday afternoon was made up of the following boats:

Sam Brown, Valiant, Nellie Walton, Hornet No. 2, Ed Roberts, Iron Age, Tom Reese, Tom Dodsworth, Bradock and John Moren.

The marks at the East Liverpool wharf this morning registered 13 feet and rising slowly.

## NOW AFFILIATED WITH A. F. OF L.

Trades Council Held a Well Attended Meeting at Its Hall Last Evening.

## TO SUBMIT TO REFERENDUM

The Matter of Representation Will be Submitted By the Secretary to the Various Unions for Action. Changes in Number of Delegates.

Trades Council held a long and busy session in Brotherhood hall last evening, and a great deal of business was transacted.

President McLane was in the chair, and the first thing demanding attention was the reception of new delegates. The credential committee reported favorably upon the following: Teamsters' local assembly No. 1894, H. A. Eberling, M. E. McCoy and William Allison; plasterers' union No. 42, M. L. Marquis.

Letters were received from Senator Hanna and Congressman R. W. Taylor, acknowledging the receipt of the resolutions passed by the council some time ago dealing with the oleomargarine question. Mr. Taylor promised to interest himself in the matter.

The different unions will be given an opportunity to vote by referendum on the question of representation. It had been deemed advisable to reduce the number of delegates to which each organization is entitled to three instead of five, as it now stands. After a discussion continuing through several meetings it was decided to canvass the locals in order to get their opinion. The secretary will send out circulars upon which will be recorded the number of votes for and against the proposition.

The committee appointed a previous meeting to revise the constitution and by-laws made its final report, and action was deferred until the next meeting.

A matter that has been up for several years was finally disposed of last night. Trades and Labor council will hereafter be affiliated with the American Federation of Labor. An application was sent to headquarters today asking that a charter be granted.

The grievance committee reported progress in the matter of settling the dispute existing between the local lathers and plasterers. Through a misunderstanding there was no meeting on the evening of February 26, as had been arranged, and another attempt will be made by the committee to meet with the two organizations on next Tuesday evening. It is hoped at that time some definite settlement will be made, as the dispute will result in a great deal of annoyance in case it is delayed until the spring work is rightly started.

Wm. M. Grafton, of Mingo Junction, an old member of the American flint glassworkers' union, was here given the privilege of the floor and made an able address upon topics in which trades unionists are interested.

Under the head of reports of delegates the representatives from the retail clerks' organization reported their system of issuing cards to merchants employing union clerks to be working in a very satisfactory manner.

The grocery and butcher clerks reported that they had completed arrangements to supply their members with working cards.

## GOOD REPORTS

MADE AT THE MEETING OF THE HOSPITAL ASSOCIATION.

Ladies Decide on March 30 As Donation Day for Workers.

The Hospital association held a special meeting in Grand Army hall Tuesday afternoon at 3:30. The attendance was unusually large and the society was much encouraged by the gratifying reports made by its members.

The ladies decided upon Saturday, March 30, as the day when the donations of one day's work made by the working people of the city should be paid in to the treasury of the association. This movement has not rightly started as yet, but just as soon as the people become interested it is thought a neat sum can be collected.

Reports have been received from a number of business houses in reference to this part of the plan to raise money. These are to the effect that their employes have resolved to donate.

Miss Hazlett, the treasurer, reported having received the donations of the Eagle Hardware company, Rev. J. C. Taggart and Holland Manley on Tuesday of this week. They were all substantial ones, and the association was much encouraged by their receipt.

The official solicitor, Mrs. Charles Hanley, made a report of her progress in the work of interesting the larger donors. This was also well received.

The announcement is made that a certain prominent citizen of the city will donate \$500 in June, provided the building has been started by that time with the intention of completing the same during this season.

It was the intention to hold another meeting on Tuesday, March 19, but the president announced at the close of yesterday's session that the meeting would be held on the afternoon of the 12th, at which time arrangements will be completed for receiving the working people's contributions. Several other matters now partially settled will be attended to at this meeting.

## 500 WERE ADDED.

Methodist Episcopal Revival Closed After a Wonderfully Successful Season.

Owing to the weariness of the pastor and workers, the revival services at the First Methodist Episcopal church were closed for the present at the meeting last evening. There were four conversions during the evening. Tonight and Friday and Saturday evenings there will be class meetings.

The revival at this church, which has been in progress for the past nine weeks, has resulted in nearly 500 admissions to the membership. Of this number about 225 were conversions and about 250 reclamations of former converts or members. It is a record which gives both pastor and church officers great satisfaction.

### The Big Comedy Event.

The great big comedy event of the season will take place when the comedy farce, "A Wise Woman," will for the second time be presented in this city at the Grand Monday, March 11. Its representation will enlist a corps of artists and of undoubted talent.

### Sues on a Board Bill.

Suit has been entered in the court of Justice Rose by Mrs. Nancy Huff, asking judgment in the sum of \$15 against W. S. Todd, claimed due for board. The hearing has been set for Saturday, March 9, at 8 o'clock.

## A BIG CORNER IN PANHANDLE COAL

All the Valuable Deposits In That Territory Controlled by a Combination.

## SALE FOR A HALF MILLION

Twenty Thousand Acres Lying Along the River in West Virginia Optioned by an English Syndicate. 40,000 More in One Man's Hands.

Pittsburg, March 7.—The sale of 20,000 acres of coal lands in West Virginia to an English syndicate brings to light one of the biggest "corners" on coal fields ever formed.

Ernest W. Marland, an attorney, of Pittsburg, is at the head of the "corner," and besides having the titles for 25,000 acres in his own name, has control of 40,000 acres more. Mr. Marland yesterday closed the deal for 20,000 acres with Attorney Frank Combs, of Marion, O., representing a bank of that place, who is said to be purchasing in behalf of the Englishmen who are now in Steubenville. The price named in the agreement between the attorneys is about \$500,000.

Mr. Marland, T. F. Campbell, a farmer of Florence, Washington county, Pa.; E. A. Freshwater, an oil operator of Penrith, Hancock county, W. Va.; Justice of the Peace M. Jackson, of Frankfort, Pa., and Attorneys McKee & Patterson, of Steubenville, hold the "corner." These men, with the exception of Mr. Marland, about a year ago attempted to cover with options that portion of West Virginia known as the Panhandle, and by their joint efforts succeeded in capturing 41,000 acres. Their holdings covered a goodly portion of Hancock county, W. Va., and a big slice of Beaver and Washington counties, Pa.

With the exception of a long, narrow strip of land along the Ohio river and the Cumberland branch of the Panhandle railroad, including about 20,000 acres, they had nearly every coal property in the upper part of Hancock county covered by option. This strip seemed impossible to option, for the farmers owning the land, appreciating its value, formed a combination of their own and decided not to option under \$20 per acre. Marland kept on until he secured all he wanted and now controls the entire combination. He optioned most of the farms on the West Virginia side, beginning at a point almost directly opposite Wellsville, O., down almost to New Cumberland.

The 20,000 acres sold to the Englishmen lie below where King's creek empties into the Ohio river, and run back into Washington and Beaver counties. The Englishmen want river coal, which they intend to ship by barges to New Orleans and thence to foreign markets.

Marland at first declined to discuss the sale, but finally admitted that he signed papers optioning to others 20,000 acres at \$500,000. Marland denied that there was a "corner."

### Hurt His Foot Badly.

J. W. Swain, a roller at the outbound platform of the freight station, dropped an iron plate on his right foot yesterday afternoon, badly mashing it. He was taken to his home in the East End and will be unable to return to work for several days.

Twenty Thousand Acres Lying Along the River in West Virginia Optioned by an English Syndicate. 40,000 More in One Man's Hands.

Pittsburg, March 7.—The sale of 20,000 acres of coal lands in West Virginia to an English syndicate brings to light one of the biggest "corners" on coal fields ever formed. Ernest W. Only the officers and deckhands were on the boat at the time, although every preparation was being made for her to make her regular trip to Memphis at 6 o'clock last evening. Quite a large passenger list has been made up. In a short time the men had the fire under control, but not before the flames had communicated with the steamer Texas, which was laying near by. The fire started from an over-heated stove and the damage will amount to \$10,000.

It is almost two years ago since the City of Pittsburgh was built in Cincinnati for the Pittsburgh, Cincinnati and Louisville Transportation company.

The packet Greenwood passed down last night and the Ben Hur will be down tonight. During yesterday 3,150,000 bushels of coal passed East Liverpool and the fleet yesterday afternoon was made up of the following boats:

Sam Brown, Valiant, Nellie Walton, Hornet No. 2, Ed Roberts, Iron Age, Tom Reese, Tom Dodsworth, Bradock and John Moren.

The marks at the East Liverpool wharf this morning registered 13 feet and rising slowly.

## NOW AFFILIATED WITH A. F. OF L.

Trades Council Held a Well Attended Meeting at Its Hall Last Evening.

## TO SUBMIT TO REFERENDUM

The Matter of Representation Will be Submitted By the Secretary to the Various Unions for Action. Changes in Number of Delegates.

Trades Council held a long and busy session in Brotherhood hall last evening, and a great deal of business was transacted.

President McLane was in the chair, and the first thing demanding attention was the reception of new delegates. The credential committee reported favorably upon the following: Teamsters' local assembly No. 1894. H. A. Eberling, M. E. McCoy and William Allison; plasterers' union No. 42, M. L. Marquis.

Letters were received from Senator Hanna and Congressman R. W. Taylor, acknowledging the receipt of the resolutions passed by the council some time ago dealing with the oleomargarine question. Mr. Taylor promised to interest himself in the matter.

The different unions will be given an opportunity to vote by referendum on the question of representation. It had been deemed advisable to reduce the number of delegates to which each organization is entitled to three instead of five, as it now stands. After a discussion continuing through several meetings it was decided to canvass the locals in order to get their opinion. The secretary will send out circulars upon which will be recorded the number of votes for and against the proposition.

The committee appointed a previous meeting to revise the constitution and by-laws made its final report, and action was deferred until the next meeting.

A matter that has been up for several years was finally disposed of last night. Trades and Labor council will hereafter be affiliated with the American Federation of Labor. An application was sent to headquarters today asking that a charter be granted.

The grievance committee reported progress in the matter of settling the dispute existing between the local lathers and plasterers. Through a misunderstanding there was no meeting on the evening of February 26, as had been arranged, and another attempt will be made by the committee to meet with the two organizations on next Tuesday evening. It is hoped at that time some definite settlement will be made, as the dispute will result in a great deal of annoyance in case it is delayed until the spring work is rightly started.

Wm. M. Grafton, of Mingo Junction, an old member of the American flint glassworkers' union, was here given the privilege of the floor and made an able address upon topics in which trades unionists are interested.

Under the head of reports of delegates the representatives from the retail clerks' organization reported their system of issuing cards to merchants employing union clerks to be working in a very satisfactory manner.

The grocery and butcher clerks reported that they had completed arrangements to supply their members with working cards.

## GOOD REPORTS

MADE AT THE MEETING OF THE HOSPITAL ASSOCIATION.

Ladies Decide on March 30 As Donation Day for Workers.

The Hospital association held a special meeting in Grand Army hall Tuesday afternoon at 3:30. The attendance was unusually large and the society was much encouraged by the gratifying reports made by its members.

The ladies decided upon Saturday, March 30, as the day when the donations of one day's work made by the working people of the city should be paid in to the treasury of the association. This movement has not rightly started as yet, but just as soon as the people become interested it is thought a neat sum can be collected.

Reports have been received from a number of business houses in reference to this part of the plan to raise money. These are to the effect that their employees have resolved to donate.

Miss Hazlett, the treasurer, reported having received the donations of the Eagle Hardware company, Rev. J. C. Taggart and Holland Manley on Tuesday of this week. They were all substantial ones, and the association was much encouraged by their receipt.

The official solicitor, Mrs. Charles Hanley, made a report of her progress in the work of interesting the larger donors. This was also well received.

The announcement is made that a certain prominent citizen of the city will donate \$500 in June, provided the building has been started by that time with the intention of completing the same during this season.

It was the intention to hold another meeting on Tuesday, March 19, but the president announced at the close of yesterday's session that the meeting would be held on the afternoon of the 12th, at which time arrangements will be completed for receiving the working people's contributions. Several other matters now partially settled will be attended to at this meeting.

## 500 WERE ADDED.

Methodist Episcopal Revival Closed After a Wonderfully Successful Season.

Owing to the weariness of the pastor and workers, the revival services at the First Methodist Episcopal church were closed for the present at the meeting last evening. There were four conversions during the evening. Tonight and Friday and Saturday evenings there will be class meetings.

The revival at this church, which has been in progress for the past nine weeks, has resulted in nearly 500 admissions to the membership. Of this number about 225 were conversions and about 250 reclamations of former converts or members. It is a record which gives both pastor and church officers great satisfaction.

## The Big Comedy Event.

## A BIG CORNER IN PANHANDLE COAL

All the Valuable Deposits In That Territory Controlled by a Combination.

## SALE FOR A HALF MILLION

Twenty Thousand Acres Lying Along the River in West Virginia Optioned by an English Syndicate. 40,000 More in One Man's Hands.

Pittsburg, March 7.—The sale of 20,000 acres of coal lands in West Virginia to an English syndicate brings to light one of the biggest "corners" on coal fields ever formed.

Ernest W. Marland, an attorney, of Pittsburg, is at the head of the "corner," and besides having the titles for 25,000 acres in his own name, has control of 40,000 acres more. Mr. Marland yesterday closed the deal for 20,000 acres with Attorney Frank Combs, of Marion, O., representing a bank of that place, who is said to be purchasing in behalf of the Englishmen who are now in Steubenville. The price named in the agreement between the attorneys is about \$500,000.

Mr. Marland, T. F. Campbell, a farmer of Florence, Washington county, Pa.; E. A. Freshwater, an oil operator of Penrith, Hancock county, W. Va.; Justice of the Peace M. Jackson, of Frankfort, Pa., and Attorneys McKee & Patterson, of Steubenville, hold the "corner." These men, with the exception of Mr. Marland, about a year ago attempted to cover with options that portion of West Virginia known as the Panhandle, and by their joint efforts succeeded in capturing 41,000 acres. Their holdings covered a goodly portion of Hancock county, W. Va., and a big slice of Beaver and Washington counties, Pa.

With the exception of a long, narrow strip of land along the Ohio river and the Cumberland branch of the Panhandle railroad, including about 20,000 acres, they had nearly every coal property in the upper part of Hancock county covered by option. This strip seemed impossible to option, for the farmers owning the land, appreciating its value, formed a combination of their own and decided not to option under \$20 per acre. Marland kept on until he secured all he wanted and now controls the entire combination. He optioned most of the farms on the West Virginia side, beginning at a point almost directly opposite Wellsville, O., down almost to New Cumberland.

The 20,000 acres sold to the Englishmen lie below where King's creek empties into the Ohio river, and run back into Washington and Beaver counties. The Englishmen want river coal, which they intend to ship by barges to New Orleans and thence to foreign markets.

Marland at first declined to discuss the sale, but finally admitted that he signed papers optioning to others 20,000 acres at \$500,000. Marland denied that there was a "corner."

## Hurt His Foot Badly.

## EAST END.

### HIS AGE 166 YEARS.

**Such the Case With a Calcutta Man If His Statements Are Accurate.**

The most peculiar individual that has visited the East End for some time applied at one of the potteries for work this morning.

When asked what his name was he said he didn't know, but he lived near here. He stated that preaching was a part of his work and that he had preached every Sunday for 40 years in the Methodist Episcopal church at Williamsport, Ohio. He also stated that he had practiced medicine 25 years, was United States minister to Spain 24 years and was a peacemaker between nations. He had served in the United States army a number of years and was commander of the American forces in Cuba during the recent war.

Altogether he mentioned trades and professions he had followed for stated terms which would make him 166 years old had he started his lifework in his infancy.

He was a great musician and thought he would get up a class in the East End. He was asked to invest money in real estate and replied that he had spent most of his cash buying steamboats and railroads. He owned the City of Pittsburgh, Queen City and City of Wheeling exclusively, and owned the 10 o'clock freight train and the local on the C. & P., but didn't derive any revenue from them. Upon inquiry it was found that his name is Burbick and that his home is in Calcutta. He is a graduate dentist, but lost his mental balance over religion some years ago. He is about 25 years of age. It is thought that he should be taken to the asylum.

### CHAFFIN INDIGNANT.

**Finds the Life of a Politician Brings Troubles.**

Alex Chaffin was very wrathful this morning. He has it in for both the newspapers. When talking to a friend he said:

"It does beat all how these newspapers run on a man when he gets into politics. Some reporter has been writing a lot of stuff about me and it's well nigh all a lie. And that man Betz, of the central committee. He told me he'd put my name on the ticket if I got the consent of the other candidates, and after I spent all day hunting them up and getting their names on the petition, he said he meant he'd just put it on at the next primaries."

### May Advertise Also.

A pretty East End maiden referring to the Klondike lady who got a husband quickly by advertising, said: "I really believe I'll try the same plan. I wonder if I would be successful." The reporter assured her that she would undoubtedly succeed in very short order, and she departed, perhaps to write out her ad.

### EAST END GOSSIP.

Charles Chambers and family are

home from North Carolina on a short visit.

Harry Laughlin, of Pittsburg, is visiting his parents here.

Miss Cora Crumley will leave for Atlantic City next Monday.

### H. C. FRY RESIGNS.

**Quits the National Glass Company And Will Build a Plant at Rochester.**

Pittsburg, March 7.—The trouble between some of the stockholders of the National Glass company, the big tableware combination, has increased since the destruction of the plant at Rochester, and has resulted in the resignation of H. C. Fry as president. The resignation was tendered yesterday and is to take effect on April 1.

President Fry was a vigorous advocate of the rebuilding of the burned works at Rochester without any delay and desired that the proposed building of a plant at Cambridge, O., be abandoned. This resolution was defeated, which showed that President Fry was not as strong as his opponents. Nothing has yet been done toward the rebuilding of the destroyed plant at Rochester, but the contracts for the Cambridge works have been awarded.

Mr. Fry does not intend to quit the glass business. He is now preparing plans for a large independent plant which will be erected either at Rochester or Monaca.

### TO STRIKE APRIL 1.

**Decision of Pennsylvania Miners Unless Demands Are Granted.**

Altoona, Pa., March 7.—The central Pennsylvania bituminous miners' convention developed an unexpected phase when a resolution calling a general strike April 1 unless the scale is paid, was passed unanimously.

Resolutions favoring a weekly pay law; purchase of union made goods handled by union clerks; an eight-hour day, beginning April 1, 1901; abolition of the company stores; the establishment of co-operative stores, and the 2 and 3 per cent check off, were adopted.

### DECORATING SHOP FAD.

**Girls Have a Pleasing Fashion of Giving Suppers.**

It has become a great fad at several of the decorating shops of the city for the girls to hold oyster suppers at regular intervals. The employees at the Sevres pottery have had several, the last one being held at the home of Miss Isabella Ball, Forest street.

The custom had been to hold the affair at the pottery, but upon a former occasion the pot in which the oysters were stewed contained some foreign substance that gave the cooking a very peculiar flavor. It was decided to hold the functions at the various homes in the future.

### ABOUT THE POTTERIES.

tery company, was in this city today on business.

This morning a printer was added to the force in the decorating department at the Burford Bros. Pottery company, and one was put on at the Sevres plant.

### GEORGE BROWN ARRESTED.

**One of the Colored Peace-Disturbers Fined.**

Affairs at police headquarters have taken another slump, and but one arrest was made last night.

George Brown was in the crowd of colored people captured at Williams' mill, but in some manner succeeded in getting away. The officers making the arrest were aware of his presence and the other members of the force were instructed to keep a watch for him.

Last evening George made his first appearance on the street and in a very short space of time Officer Mahony had him in custody. Brown was taken to jail and when arraigned pleaded guilty. His honor gave him the same fine as the others had paid and he paid up.

### NO MORE KISSING.

**New Order in Effect in 'Squire McCarron's Office.**

When Justice McCarron was asked yesterday if he had any weddings lately, he said: "No; I haven't had any weddings since it was advertised

that I had kissed the bride the other day. The ladies naturally have a horror of the kissing bug, but didn't seem to know exactly what it was until they read that story, and now I guess they think I'm one."

The 'squire has made a rule that parties desiring any kissing done in his office hereafter must do it themselves.

The ice had accumulated in the gutters on Broadway to such an extent that the street force were compelled this morning to chop it out. Six men were engaged at the work.

### MARTIN-KEPNER CASE.

**COLUMBIANA COUNTY SENSATION RECALLED IN COURT.**

**Plaintiff Answers Mrs. Anna M. Kepner's Petition at Pittsburgh.**

Salem, March 7.—In the case of C. B. Hildreth, administrator of the estate of John R. Martin, deceased, against Jessie Kepner, the answer of the plaintiff to the petition of Anna M. Kepner, to dissolve a foreign attachment, has been filed in Pittsburgh.

Martin, who was treasurer of Columbian county, O., filed a petition in the Columbian county court in 1897, saying that Kepner, who had preceded him, had carried away \$7,901 23. It is stated that Kepner refused to turn over the money, but when the case was tried, a verdict of \$10,934 36 was found against him.

Kepner, it is claimed, then deeded his property to his wife, which the plaintiff claims was fraudulent. The defendant claims that he held the property in trust for his wife, but that it was sold at sheriff's sale.

The foregoing, from the Pittsburgh Times, was brought out by the filing of the answers to Mrs. Kepner's petition, which her attorneys have been awaiting since December, 1899.

Attorney A. W. Taylor, of this city, is associated in the case with the law firm of Stone & Stone, of Pittsburgh, of which Governor W. A. Stone, of Pennsylvania, is the head, as attorneys for the Kepner side of the case, and the merits of the contention seem to be with the defendant.

Mrs. Kepner's mother owned a store at Newgarden, which, in a deal, was exchanged for a Pittsburgh property.

Some time afterward, Mrs. Kepner's mother died leaving all her property, including the Pittsburgh realty, to her daughter. It was not expected that

this property would be held very long and as Mr. Kepner was transacting his wife's business affairs, it was received in his title for convenience. The unfortunate termination of the

case of Martin vs. Kepner of course jeopardized his wife's property interests which were in his name and they were transferred to her title. The plaintiff is now trying to secure possession of the property in satisfaction

### NAPOLEON'S EYE.

**One Look From It Explained His Power Over Men.**

In 1887, while working in London as a curate to the Rev. Canon Fleming, I was called in my vicar's absence to administer a religious service to an old admiral in Eaton square. The admiral's name was Eden. After the service was over he took my hand and said: "Shake hands with me, young man. There are not many alive who can say what I can say. You are talking with a man who has talked to Napoleon the Great." "Sir," I said, "that is history. May I hear more?" The old admiral then told me that he was once returning with the fleet—I think from the West Indies, but of that I am not sure—and touched at St. Helena. The admiral said, "I am going up to Longwood to pay my respects to Napoleon, and the senior midshipman comes with me."

"I was the senior midshipman," said the old gentleman, "and so I went. We waited for Napoleon in an outer room, and you must imagine how eagerly I expected his entrance. The door was thrown open at last, and in he came. He was short and fat and nothing very attractive but for his eye. My word, sir, I have never seen anything like it. After speaking to the admiral he turned to me, and then I understood for the first time in my life what was the meaning of the phrase, 'A born ruler of men.' I had been taught to hate the French as I hated the devil, but when Napoleon looked at me there was such power and majesty in his look that if he had bade me lie down that he might walk over me I would have done it at once. English middy though I was. The look on Napoleon's face was the revelation of the man and the explanation of his power. He was born to command."

Such was Admiral Eden's version to me of an incident which at 90 years old or thereabout seemed to him as fresh as if it had happened only the day before.—Rev. John Rooker in London Spectator

**Warn You Against the Most Dreadfully Fatal of Disorders. You Can be Cured by Promptly Using Dr. Chase's Kidney-Liver Pills.**

Pain is nature's signal whereby she warns man of approaching danger. Few diseases are so dreadfully fatal as disorders of the kidneys and few are accompanied by more severe pains and discomforts.

One of the most common symptoms of kidney disease is the smarting, scalding sensation when passing water which is likely to come very frequently and at inconvenient times. Then there is the dull, heavy aching in the small of the back and down the limbs.

When these pains are accompanied by deposits in the urine after it has stood for twenty-four hours you may be sure that you are a victim of kidney disease and should not lose a single day in securing the world's greatest kidney cure—Dr. Chase's Kidney-Liver Pills.

Take one pill at a dose, and in a surprisingly short time you will be far on the road to recovery, for Dr. Chase's Kidney-Liver Pills act directly and promptly on the kidneys, and are certain to prove of great benefit to any one suffering from irregularities of those organs.

See that you get the genuine, with portrait and signature of Dr. A. W. Chase.

Don't imagine that you are experimenting when you use Dr. Chase's Kidney-Liver Pills. They are almost as well known as his great Recipe Book, have made some of the most surprising cures of kidney disease on record and have come to be considered the only absolute cure for kidney disease.

Mr. J. Curtiss, a well known R. R. engineer, living at 191 Murry street, Binghamton, N. Y., writes:

"Soon after going on the road I began to be troubled by severe pains in my back accompanied by such terrible weakness that I was obliged to stop work for days at a time.

"Hearing of the good results obtained by using Dr. Chase's Kidney-Liver Pills. I gave them a trial. They helped me almost immediately, and now I can truthfully say that I am as well as any man, thanks to Dr. Chase's Kidney-Liver Pills."

## EAST END.

### HIS AGE 166 YEARS.

**Such the Case With a Calcutta Man If His Statements Are Accurate.**

The most peculiar individual that has visited the East End for some time applied at one of the potteries for work this morning.

When asked what his name was he said he didn't know, but he lived near here. He stated that preaching was a part of his work and that he had preached every Sunday for 40 years in the Methodist Episcopal church at Williamsport, Ohio. He also stated that he had practiced medicine 25 years, was United States minister to Spain 24 years and was a peacemaker between nations. He had served in the United States army a number of years and was commander of the American forces in Cuba during the recent war.

Altogether he mentioned trades and professions he had followed for stated terms which would make him 166 years old had he started his lifework in his infancy.

He was a great musician and thought he would get up a class in the East End. He was asked to invest money in real estate and replied that he had spent most of his cash buying steamboats and railroads. He owned the City of Pittsburgh, Queen City and City of Wheeling exclusively, and owned the 10 o'clock freight train and the local on the C. & P., but didn't derive any revenue from them. Upon inquiry it was found that his name is Burbick and that his home is in Calcutta. He is a graduate dentist, but lost his mental balance over religion some years ago. He is about 25 years of age. It is thought that he should be taken to the asylum.

### CHAFFIN INDIGNANT.

**Finds the Life of a Politician Brings Troubles.**

Alex Chaffin was very wrathful this morning. He has it in for both the newspapers. When talking to a friend he said:

"It does beat all how these newspapers run on a man when he gets into politics. Some reporter has been writing a lot of stuff about me and it's well nigh all a lie. And that man Betz, of the central committee. He told me he'd put my name on the ticket if I got the consent of the other candidates, and after I spent all day hunting them up and getting their names on the petition, he said he meant he'd just put it on at the next primaries."

### May Advertise Also.

A pretty East End maiden referring to the Klondike lady who got a husband quickly by advertising, said: "I really believe I'll try the same plan. I wonder if I would be successful." The reporter assured her that she would undoubtedly succeed in very short order, and she departed, perhaps to write out her ad.

### EAST END GOSSIP.

Charles Chambers and family are

home from North Carolina on a short visit.

Harry Laughlin, of Pittsburgh, is visiting his parents here.

Miss Cora Crumley will leave for Atlantic City next Monday.

### H. C. FRY RESIGNS.

**Quits the National Glass Company And Will Build a Plant at Rochester.**

Pittsburg, March 7.—The trouble between some of the stockholders of the National Glass company, the big tableware combination, has increased since the destruction of the plant at Rochester, and has resulted in the resignation of H. C. Fry as president. The resignation was tendered yesterday and is to take effect on April 1.

President Fry was a vigorous advocate of the rebuilding of the burned works at Rochester without any delay and desired that the proposed building of a plant at Cambridge, O., be abandoned. This resolution was defeated, which showed that President Fry was not as strong as his opponents. Nothing has yet been done toward the rebuilding of the destroyed plant at Rochester, but the contracts for the Cambridge works have been awarded.

Mr. Fry does not intend to quit the glass business. He is now preparing plans for a large independent plant which will be erected either at Rochester or Monaca.

### TO STRIKE APRIL 1.

**Decision of Pennsylvania Miners Unless Demands Are Granted.**

Altoona, Pa., March 7.—The central Pennsylvania bituminous miners' convention developed an unexpected phase when a resolution calling a general strike April 1 unless the scale is paid, was passed unanimously.

Resolutions favoring a weekly pay law; purchase of union made goods handled by union clerks; an eight-hour day, beginning April 1, 1901; abolition of the company stores; the establishment of co-operative stores, and the 2 and 3 per cent check off, were adopted.

### DECORATING SHOP FAD.

**Girls Have a Pleasing Fashion of Giving Suppers.**

It has become a great fad at several of the decorating shops of the city for the girls to hold oyster suppers at regular intervals. The employees at the Sevres pottery have had several, the last one being held at the home of Miss Isabella Ball, Forest street.

The custom had been to hold the affair at the pottery, but upon a former occasion the pot in which the oysters were stewed contained some foreign substance that gave the cooking a very peculiar flavor. It was decided to hold the functions at the various homes in the future.

### ABOUT THE POTTERIES.

President Al Hughes left yesterday afternoon for a business trip to Akron.

The clay hands at the Taylor, Lee & Smith pottery will resume work Monday.

Harry Wyllie, of the Toronto Pot-

tery company, was in this city today on business.

J. R. Warren, of the National Pottery company, is spending a week on business in the west.

Hal Huston, warehouseman at the Sevres China company, is off duty today on account of illness.

This morning a printer was added to the force in the decorating department at the Burford Bros. Pottery company, and one was put on at the Sevres plant.

### GEORGE BROWN ARRESTED.

**One of the Colored Peace-Disturbers Fined.**

Affairs at police headquarters have taken another slump, and but one arrest was made last night.

George Brown was in the crowd of colored people captured at Williams' mill, but in some manner succeeded in getting away. The officers making the arrest were aware of his presence and the other members of the force were instructed to keep a watch for him.

Last evening George made his first appearance on the street and in a very short space of time Officer Mahony had him in custody. Brown was taken to jail and when arraigned pleaded guilty. His honor gave him the same fine as the others had paid and he paid up.

### NO MORE KISSING.

**New Order in Effect in 'Squire McCarron's Office.**

When Justice McCarron was asked yesterday if he had any weddings lately, he said: "No; I haven't had any weddings since it was advertised that I had kissed the bride the other day. The ladies naturally have a horror of the kissing bug, but didn't seem to know exactly what it was until they read that story, and now I guess they think I'm one."

The 'squire has made a rule that parties desiring any kissing done in his office hereafter must do it themselves.

### IN THE NEIGHBORHOOD.

The Wheatland (Pa.) mill will be repaired and put into operations immediately.

The sheriff of Lawrence county, Pa., has levied on the White & McQuiston electric plant at New Wilmington, on the suit of the New Wilmington bank.

### NAPOLEON'S EYE.

**One Look From It Explained His Power Over Men.**

In 1887, while working in London as a curate to the Rev. Canon Fleming, I was called in my vicar's absence to administer a religious service to an old admiral in Eaton square. The admiral's name was Eden. After the service was over he took my hand and said: "Shake hands with me, young man. There are not many alive who can say what I can say. You are talking with a man who has talked to Napoleon the Great." "Sir," I said, "that is history. May I hear more?" The old admiral then told me that he was once returning with the fleet—I think from the West Indies, but of that I am not sure—and touched at St. Helena. The admiral said, "I am going up to Longwood to pay my respects to Napoleon, and the senior midshipman comes with me."

"I was the senior midshipman," said the old gentleman, "and so I went. We waited for Napoleon in an outer room, and you must imagine how eagerly I expected his entrance. The door was thrown open at last, and in he came. He was short and fat and nothing very attractive but for his eye. My word, sir, I have never seen anything like it. After speaking to the admiral he turned to me, and then I understood for the first time in my life what was the meaning of the phrase, 'A born ruler of men.' I had been taught to hate the French as I hated the devil, but when Napoleon looked at me there was such power and majesty in his look that if he had bade me lie down that he might walk over me I would have done it at once. English middy though I was. The look on Napoleon's face was the revelation of the man and the explanation of his power. He was born to command."

Such was Admiral Eden's version to me of an incident which at 90 years old or thereabout seemed to him as fresh as if it had happened only the day before.—Rev. John Rooker in London Spectator

### IN A MODEL.

Maryland Republican Legislators Refuse to Attend the Session. Democrats Alone.

Annapolis, Md., March 7.—The Democrats in the senate, owing to the absence of Senators Moore and Claggett, failed of a majority, there being but 13 senators out of the 26 present when that body was called to order. Instead of proceeding under the old organization and adjourning from day to day, or forcing the attendance of the Republicans who were in the building and purposely absenting themselves from the senate chamber the Democrats proceeded without the presence of a quorum to re-elect the old officers. Then they sent the sergeant-at-arms after the Republicans, who declined to recognize his authority on the ground that he had not been legally elected.

The Democrats proceeded to business without a quorum and the bill to amend the election law was introduced and referred to the proper committee.

It was claimed last night that this course will prove fatal to the measure, as the Republicans are looking for a chance to take the matter into the courts.

#### Maryland Republican Legislators Refuse to Attend the Session.

#### Democrats Alone.

Annapolis, Md., March 7.—The Democrats in the senate, owing to the absence of Senators Moore and Claggett, failed of a majority, there being but 13 senators out of the 26 present when that body was called to order. Instead of proceeding under the old organization and adjourning from day to day, or forcing the attendance of the Republicans who were in the building and purposely absenting themselves from the senate chamber the Democrats proceeded without the presence of a quorum to re-elect the old officers. Then they sent the sergeant-at-arms after the Republicans, who declined to recognize his authority on the ground that he had not been legally elected.

The Democrats proceeded to business without a quorum and the bill to amend the election law was introduced and referred to the proper committee.

It was claimed last night that this course will prove fatal to the measure, as the Republicans are looking for a chance to take the matter into the courts.

Topeka, Kan., March 7.—Several months ago Mrs. Carrie Nation, in a street speech at Medicine Lodge, stated that Samuel Griffin, a county attorney of Barber county, was granting the saloonkeepers of Kiowa immunity from prosecution for a money consideration. Griffin sued Mrs. Nation for damages and the jury gave him a verdict of \$1 and costs of suit.

Mrs. Nation, by her attorney, David Nation, who is also her husband, has taken the case to the supreme court on writ of error.

## THE REVOLVER HABIT.

The habit of carrying concealed weapons is one that should be discouraged in every possible way. It is a dangerous habit to indulge in. Next to the "unloaded" revolver, which is constantly going off and killing its owner or some one else, the concealed revolver is particularly successful in getting its possessor into trouble. The temptation to use a weapon, if a person has one, is often too great for even a man of good sense to withstand, while drunken men and fools are prone to shoot first and reflect afterward. Half of the murders and shooting affrays that are chronicled daily would never occur if the law prohibiting the carrying of concealed weapons were diligently enforced.

The revolver in a man's pocket is a needless encumbrance in a thoroughly civilized community. If a man has large sums of money to carry or is engaged in any extra hazardous occupation, where he is liable to come in contact with tramps or tough characters, he will experience no difficulty in obtaining a permit to carry a weapon. The ordinary citizen has no need for one and puts his own life and that of his friends in peril, besides violating the law, when he puts one in his pocket. This is not Texas or Oklahoma or the wild west, and a man is far safer unarmed than armed under ordinary conditions. Especially should the pistol-carrying habit among boys be sternly condemned and absolutely forbidden by parents and guardians. We ridicule Kentuckians for their shooting proclivities and then go and imitate their example. It is an insane sort of folly. Police justices can discourage and prevent it to a great extent by rigidly imposing full penalties; but there ought also to be an awakened public sentiment against the evil.

## FOOLISH PRACTICAL JOKES.

The practical joker, otherwise known as the "Smart Aleck," has been getting in his work in Kenton, and like many another of his tribe has lived to regret his foolish action. A press dispatch states that a certain grocer of that city has amused himself for years by placing cowhage otherwise known as "cow itch," on the hands and faces of men and boys visiting his store. It is a powerful irritant, and the least speck of it coming in contact with the naked skin causes excruciating itching.

The grocer a few days ago put a quantity of this powder on the head of a boy. It caused such an itching that the boy became a maniac. The man has been sued by the lad's guardian for \$10,000 damages. The accused, if guilty, ought to be made to pay it or go to jail, to teach him or other "jokers" a lesson. Permanent bodily injury and even death has resulted time and again from the pranks of would-be humorists. A joke that causes another pain, either mental or physical, is anything but funny, but there are few practical jokers who work with any other intent. Such

pastime may afford satisfaction to savages and barbarians, but not to intelligent Americans.

## CARELESS LEGISLATION.

The state legislatures which have been in session during the winter are adjourning one by one, and legislators and citizens are discovering the errors that have been made. The crop is as abundant as usual. In West Virginia, for example, it is claimed that several important pieces of legislation become null and void through the neglect of certain essential formulas. In Pennsylvania the legislature is still in session, but already errors are being discovered in the work done only a few weeks ago, and bills are actually being introduced to correct the defects in measures passed during the present session. There is a confession of haste and incompetency for you! It should be a lesson to the people who create legislatures, teaching them to make sure that they are composed of proper material.

When one witnesses the carelessness displayed by many persons, especially boys, in jumping on and off moving trains and street cars, he ceases to wonder why coroner's cases are frequent.

## DECIDEDLY ROMANTIC.

Young Couple Whom Neither War Nor Religion Could Separate.

Akron, March 7.—A wedding with some decidedly romantic features took place in the mayor's office at the city building yesterday. Mayor Young united Alexander Hartman and Mary Kerst, a young Hungarian couple who have been in this country but six months. On Monday Miss Kerst had Max Hartman, Alexander's half brother, arrested for striking her, and when she appeared as a witness it developed that she had lived with Alexander Hartman for some time as his wife, although they had never been legally married. As an explanation, the young woman said it had been their desire to marry in their own country, but that as Hartman was a Hebrew and she a Catholic, it was impossible. The mayor ordered the woman to secure a license and to appear with Hartman.

After the ceremony the couple related another chapter of their history. Hartman, it seems, was serving as a soldier in the Austrian army when he fell in love. Desiring to be near Hartman, Miss Kerst dressed in man's clothes and succeeded in securing a position among the followers of Hartman's regiment. She served in this capacity a year.

Washington, March 7.—The state department has been officially advised that the asphalt controversy at last has been brought before the Venezuelan courts. The advice confirms the unofficial report received last week to the effect that the Warner-Quinlan claimants sent a few workmen on to the lake claimed by the Bermudez company; they were ejected and suit was begun against the Bermudez company before the Venezuelan courts. It is the intention of the state department to let the controversy be tried out before the Venezuelan tribunal.

## THE REVOLVER HABIT.

The habit of carrying concealed weapons is one that should be discouraged in every possible way. It is a dangerous habit to indulge in. Next to the "unloaded" revolver, which is constantly going off and killing its owner or some one else, the concealed revolver is particularly successful in getting its possessor into trouble. The temptation to use a weapon, if a person has one, is often too great for even a man of good sense to withstand, while drunken men and fools are prone to shoot first and reflect afterward. Half of the murders and shooting affrays that are chronicled daily would never occur if the law prohibiting the carrying of concealed weapons were diligently enforced.

The revolver in a man's pocket is a needless encumbrance in a thoroughly civilized community. If a man has large sums of money to carry or is engaged in any extra hazardous occupation, where he is liable to come in contact with tramps or tough characters, he will experience no difficulty in obtaining a permit to carry a weapon. The ordinary citizen has no need for one and puts his own life and that of his friends in peril, besides violating the law, when he puts one in his pocket. This is not Texas or Oklahoma or the wild west, and a man is far safer unarmed than armed under ordinary conditions. Especially should the pistol-carrying habit among boys be sternly condemned and absolutely forbidden by parents and guardians. We ridicule Kentuckians for their shooting proclivities and then go and imitate their example. It is an insane sort of folly. Police justices can discourage and prevent it to a great extent by rigidly imposing full penalties; but there ought also to be an awakened public sentiment against the evil.

## FOOLISH PRACTICAL JOKES.

The practical joker, otherwise known as the "Smart Aleck," has been getting in his work in Kenton, and like many another of his tribe has lived to regret his foolish action. A press dispatch states that a certain grocer of that city has amused himself for years by placing cowhage otherwise known as "cow itch," on the hands and faces of men and boys visiting his store. It is a powerful irritant, and the least speck of it coming in contact with the naked skin causes excruciating itching.

The grocer a few days ago put a quantity of this powder on the head of a boy. It caused such an itching that the boy became a maniac. The man has been sued by the lad's guardian for \$10,000 damages. The accused, if guilty, ought to be made to pay it or go to jail, to teach him or other "jokers" a lesson. Permanent bodily injury and even death has resulted time and again from the pranks of would-be humorists. A joke that causes another pain, either mental or physical, is anything but funny, but there are few practical jokers who work with any other intent. Such

pastime may afford satisfaction to savages and barbarians, but not to intelligent Americans.

## CARELESS LEGISLATION.

The state legislatures which have been in session during the winter are adjourning one by one, and legislators and citizens are discovering the errors that have been made. The crop is as abundant as usual. In West Virginia, for example, it is claimed that several important pieces of legislation become null and void through the neglect of certain essential formulas. In Pennsylvania the legislature is still in session, but already errors are being discovered in the work done only a few weeks ago, and bills are actually being introduced to correct the defects in measures passed during the present session. There is a confession of haste and incompetency for you! It should be a lesson to the people who create legislatures, teaching them to make sure that they are composed of proper material.

## OPINIONS FOR AND AGAINST

Large Property Owners Generally in Favor of Making Chester a Town, Some Fear Lack of Understanding May Defeat the Proposition.

As the 12th of March draws near, incorporation arguments, pro and con, engross the attention of the residents of Chester.

The News Review does not espouse the cause of either side, but, between now and election day, will present the opinions of a number of parties interested. Expressions were asked and obtained from several citizens on the subject today.

C. A. Smith, who has large interests in Chester, is known to be an advocate of incorporation. He was out of the city today and could not be interviewed. The large property owners generally are in favor of the proposition. Among the interviews obtained were the following:

Justice Johnson—I believe it will carry by a vote of two to one, judging from the general expression of opinion as I hear it.

G. D. Arner—I think it will carry beyond a doubt. It certainly ought to carry. We have had enough lawlessness here already.

C. T. McCutcheon—I believe it would greatly benefit the town, but there seem to be a great many opposed to it. I hardly think it will carry.

James Stuart—The proposition will carry. Nearly all the better class of people favor the measure. If we ever expect to have a town we should incorporate.

Thompson Allison—I am rather of the opinion that the measure will be defeated for the reason that it is not well enough understood. The time to exercise caution is when councilmen are chosen, and I think there is no doubt that we should incorporate. If the move fails it will set the town back five years.

William Allison—I don't think it will carry, but believe it would be better for all concerned if it did.

George Wynne—It would be the best thing that ever happened for the town, and I believe the vote will be for incorporation.

F. E. Spivey—I would like to see it carry, but I fear that it may not. A large number of people seem to be opposed to it.

Many others refused to give their opinions.

A tract of land containing 10 lots has been donated, and the plant will be located at that point. The land is situated just west of the mill and is considered a most desirable site.

A number of other private matters were discussed, but there was nothing done that would be of interest to the public.

A SOUTHSIDE ISSUE

Interest In the Incorporation Question Growing Greater All the Time.

### OPINIONS FOR AND AGAINST

Large Property Owners Generally in Favor of Making Chester a Town. Some Fear Lack of Understanding May Defeat the Proposition.

As the 12th of March draws near, incorporation arguments, pro and con, engross the attention of the residents of Chester.

The News Review does not espouse the cause of either side, but, between now and election day, will present the opinions of a number of parties interested. Expressions were asked and obtained from several citizens on the subject today.

C. A. Smith, who has large interests in Chester, is known to be an advocate of incorporation. He was out of the city today and could not be interviewed. The large property owners generally are in favor of the proposition. Among the interviews obtained were the following:

Justice Johnson—I believe it will carry by a vote of two to one, judging from the general expression of opinion as I hear it.

G. D. Arner—I think it will carry beyond a doubt. It certainly ought to carry. We have had enough lawlessness here already.

C. T. McCutcheon—I believe it would greatly benefit the town, but there seem to be a great many opposed to it. I hardly think it will carry.

James Stuart—The proposition will carry. Nearly all the better class of people favor the measure. If we ever expect to have a town we should incorporate.

Thompson Allison—I am rather of the opinion that the measure will be defeated for the reason that it is not well enough understood. The time to exercise caution is when councilmen are chosen, and I think there is no doubt that we should incorporate. If the move fails it will set the town back five years.

William Allison—I don't think it will carry, but believe it would be better for all concerned if it did.

George Wynne—It would be the best thing that ever happened for the town, and I believe the vote will be for incorporation.

F. E. Spivey—I would like to see it carry, but I fear that it may not. A large number of people seem to be opposed to it.

Many others refused to give their opinions.

### SOUTHSIDE GOSSIP.

The boiler for another oil well arrived today and was taken to the Brazier farm.

Louis Eissenbeis, who is superintending the drilling, is very confident that a pool will be located on that farm.

Clarence Allison, who is ill with the measles, is now in a critical condition. It is feared that serious symptoms may arise.

Harry Fowler, of Fairview, who has been suffering with lung trouble for several weeks, is now somewhat improved.

His brother Owen will accompany him on a trip through the south in the hope that the change of climate may be of benefit to his health.

The funeral services of Frank Webb will take place at the home in Fairview at 1 o'clock p. m. Thursday, Rev. J. D. Hull officiating. Interment at New Cumberland cemetery.

The funeral services of the infant child of Mr. and Mrs. Nicholas Schwartz took place at the home at 10 o'clock this morning. Father Smyth, of St. Aloysius' church, officiating.

Interesting Statements on the Appropriations Made by Party Leaders.

## CANNON DEFENDS CONGRESS

Total Appropriations Less Than Those Made at the Regular Session of the Preceding Congress—Mr. Livingston Finds Fault.

Washington, March 7.—Representative Cannon, chairman of the house committee on appropriations, and Representative Livingston, the senior Democratic member of the committee, have prepared statements of the appropriations of the Fifty-sixth congress, which will be printed in *The Record* today.

In his statement Mr. Cannon said in part:

The increase over the appropriations made at the first session of this congress is less than \$20,000,000; and this sum is more than accounted for by the increase of \$10,124,450 made on account of the postal service and by \$13,513,057 in the bill that provides for the maintenance of our naval establishment and for the construction, armor and armament of the new ships of the navy. One large item is the appropriation of \$5,250,000 authorized by legislation at the first session of this congress for the St. Louis exposition.

The total appropriations made at the two sessions of this, the Fifty-sixth congress, are \$128,150,092 less than the appropriations made during the two regular sessions of the preceding congress.

The new revenue law passed at this session will, it is estimated, reduce taxes for the coming fiscal year \$41,000,000, bringing over total estimated income for the coming fiscal year, including postal revenues, to \$675,633,042.

Of the total appropriations made at this session, at least \$30,000,000 will not, in the light of past experience, be expended.

The appropriations have been reduced \$128,150,092 by this congress under those provided for its predecessor, and this has rendered possible a reduction of taxes in the sum of \$41,000,000.

Mr. Livingston said in part:

The Fifty-fourth congress was the last one that made appropriations for the support of the government prior to the beginning of the Spanish-American war.

The Fifty-sixth congress is the first congress appropriating for the support of the government since the close of the so-called Spanish-American war. The difference between the appropriations made by the Fifty-sixth congress and those made by the Fifty-fourth congress amounts to \$395,482,272.

During the session just closed the demands of the people, through their representatives, for the construction of the Nicaragua canal, have gone unheeded; for new public buildings they have been persistently denied. The river and harbor bill has been permitted to fail. The payment of just claims of honest people against the government has not been provided for.

The most casual examination of this table makes comment practically unnecessary. It shows that the army, for each of the two years prior to the Spanish-American war, cost a little over \$23,000,000, and but little more than \$46,000,000 for the two years covered by the Fifty-fourth congress, while for the army for each of the two years since that war, 1901 and 1902, it cost nearly \$115,000,000, or \$230,000,000 for the two years, exclusive of deficiencies that have been provided for in large sums out of appropriations made for expenses of the Spanish war during the Fifty-fifth congress.

The navy cost, for the two years 1897-1898, \$63,562,000, while for the years 1901 and 1902 these appropriations amount to nearly \$144,000,000.

For the payment of pensions the appropriations show an increase of nearly \$8,000,000 for the two years.

In a word, this table shows that the price to the people of the policy

of the administration that has been thrust upon them by the Republican party is, in round numbers, \$400,000,000 within a period of two years, and the half that is contemplated has not yet been put in operation.

The ship subsidy measure, that has been deferred, but not abandoned, will cost \$180,000,000 more, to say nothing of the lesser schemes that are proposed.

## WARSHIP CONTRACTS LET.

Seven Firms Awarded Them—Estimated Total Cost of Them to Be About \$81,500,000.

Washington, March 7.—The navy department let the contracts for 13 vessels. When ready for service these ships will represent an outlay of at least \$81,500,000, and probably more. They will have a displacement of 176,000 tons, equivalent to that of 17 ships of the size of the Oregon.

According to the contracts, Cramp will build the battleship Pennsylvania and the armored cruiser Colorado. The Newport News ship yard will build the battleship Virginia and the armored cruisers West Virginia and Maryland. The Union Iron works, of San Francisco, will build the armored cruisers California and South Dakota. Neafie & Levy, of Philadelphia, will build the protected cruiser Charleston and the battleship Georgia. The Fore River Ship and Engine company the battleships New Jersey and Rhode Island, and Moran Bros., of Seattle, the armored cruiser Nebraska. The Bath company refused to undertake the construction of the protected cruiser St. Louis at the figure offered by Secretary Long.

## KNIGHTS OF COLUMBUS.

Officers Selected at the National Convention.

New Haven, Conn., March 7.—The concluding session of the national convention of the Knights of Columbus was held Wednesday afternoon and last evening.

The officers for the ensuing year are: Supreme knight, Edward L. Hern, of South Framingham, Mass.; deputy supreme knight, John J. Hogan, of Syracuse, N. Y.; national secretary, Daniel Colwell, of New Haven, Conn.; national treasurer, P. J. Brady, of Cleveland; national advocate, James E. McConnell, of Fitchburg, Mass.; national warden, Nathan McNamara, of New London, Conn.; national chaplain, Rev. P. J. McGilvery, of Middletown, Conn.; national physician, M. T. McMannus, of New York.

The new members of the board of directors are: Messrs. P. L. L. McArde, of Chicago; H. V. O'Donnell, of Providence, R. I.; W. A. Pendergast, of Brooklyn, and J. B. Cavanaugh, of Montreal, to serve three years. Those elected for two years are: Joseph C. Pelletier, of Boston, and John D. White, of New York city.

At the evening session a vote was passed whereby the salary of the supreme knight shall be raised from \$1,500 to \$2,500, and it was decided to hold the next convention either at Plattsburgh, N. Y., or at Atlantic City, N. J., the final choice to remain with the supreme knight.

## Mother Superior Mariana Dead.

Los Angeles, Cal., March 7.—Mother Superior Mary Marinana is dead at the Sisters' hospital, aged 71 years. She was for many years in charge of the large orphan asylum at Richmond, Va., and was treasurer of the Order of Sisters of Charity of the United States. For the last 23 years she has lived at Emmetsburg, Md. She had been paying her yearly visit to the house of the order and arrived in Los Angeles from New Orleans a month ago, ill with pneumonia. She rallied from this and 10 days ago was stricken with paralysis. This was followed by two other strokes, the last of which caused her death.

## Slaves Were Released.

London, March 7.—News received from Northern Nigeria, bringing events there up to Jan. 31, describe the operations of a British expedition of about 300 against the marauding Imeri of Bida and Konagora. Both capital towns were burned by the British. About 200 slave women longing to the king of Bida were released by about 36 men under the command of two officers, who successfully engaged about 1,000 armed natives.

The navy cost, for the two years 1897-1898, \$63,562,000, while for the years 1901 and 1902 these appropriations amount to nearly \$144,000,000.

For the payment of pensions the appropriations show an increase of nearly \$8,000,000 for the two years.

## RAILROAD STOCKS

Absorbed in the Market Wednesday. Wide Fluctuations in Some Specialties.

New York, March 7.—The character of Wednesday's stock market was very similar to that of Tuesday. Absorption of railroad stocks of a high grade by buyers of abundant resources and of a substantial kind went on side by side with wide fluctuations in some of the highly speculative specialties. So far as the railroad department was concerned, activity was shifted to some extent from those stocks which were most prominent Tuesday.

Tuesday's late movement in Burlington was continued at the outset Wednesday and the stock was carried up 2% to 150%, a record price. The strength of the stock was due to the fact that large competing railroad interests are admittedly buying the stock, professedly for investment, but, according to the Wall street interpretation, with a possible view to consolidation, or, at all events, to the extension of a community of interests. Union Pacific, Northern Pacific and Pennsylvania were all said to be interested in the buying. The Baltimore and Ohio railroad stocks continued to show conspicuous strength, the common advancing 3 and the preferred 2%. There was also a striking movement in Atchison preferred, which carried it up 3 points. The common stock of this road, Union Pacific, Southern Pacific and Louisville and Nashville were also very strong.

Among the industrials Amalgamated Copper and Sugar claimed the largest share of attention. The former opened down 1% on reports of a renewal of antagonistic measures in Montana. It was strongly supported and was rallied 2% at one time, but in the late dealings it broke below 101 and closed with a net loss of 2%. Sugar was forced under Tuesday night for only a brief period, and after varied fluctuations closed with a net gain of 1%. The steel stocks continued much neglected and heavy in tone. The formal steps towards the completion of measures to insure the exchange are still in progress. While the new securities thus remain non-existent operations in the group are hampered. The sub-treasury has taken nearly \$3,000,000 from the market since last Friday, and bankers report that the turn in the tide of the interior money movement to New York is at hand. Call money shows a tendency to work somewhat closer.

The railroad bond market continues active and prices generally higher. Total sales, par value, \$5,080,000.

United States 3s, registered, declined 1/8 per cent on the last call.

General Knipe Commanded Columbian County Soldiers.

General Joseph F. Knipe died at his home in Harrisburg, Pa., Tuesday, in his seventy-sixth year. Death was due to cancer on the lip. General Knipe was in command of the Forty-sixth Pennsylvania volunteers and established an excellent record for himself during the rebellion. Later he became prominent in political and social circles and was postmaster of Harrisburg until his election to the state legislature, of which he was a member when he died.

A number of the war veterans in Columbian county served under him. He is survived by three sons and three daughters. His son Arthur lives in Youngstown.

Interesting Statements on the Appropriations Made by Party Leaders.

## CANNON DEFENDS CONGRESS

Total Appropriations Less Than Those Made at the Regular Session of the Preceding Congress—Mr. Livingston Finds Fault.

Washington, March 7.—Representative Cannon, chairman of the house committee on appropriations, and Representative Livingston, the senior Democratic member of the committee, have prepared statements of the appropriations of the Fifty-sixth congress, which will be printed in *The Record* today.

In his statement Mr. Cannon said in part:

The increase over the appropriations made at the first session of this congress is less than \$20,000,000; and this sum is more than accounted for by the increase of \$10,124,450 made on account of the postal service and by \$13,513,057 in the bill that provides for the maintenance of our naval establishment and for the construction, armor and armament of the new ships of the navy. One large item is the appropriation of \$5,250,000 authorized by legislation at the first session of this congress for the St. Louis exposition.

The total appropriations made at the two sessions of this, the Fifty-sixth congress, are \$128,150,092 less than the appropriations made during the two regular sessions of the preceding congress.

The new revenue law passed at this session will, it is estimated, reduce taxes for the coming fiscal year \$41,000,000, bringing over total estimated income for the coming fiscal year, including postal revenues, to \$675,633,042.

Of the total appropriations made at this session, at least \$30,000,000 will not, in the light of past experience, be expended.

The appropriations have been reduced \$128,150,092 by this congress under those provided for its predecessor, and this has rendered possible a reduction of taxes in the sum of \$41,000,000.

Mr. Livingston said in part:

The Fifty-fourth congress was the last one that made appropriations for the support of the government prior to the beginning of the Spanish-American war.

The Fifty-sixth congress is the first congress appropriating for the support of the government since the close of the so-called Spanish-American war. The difference between the appropriations made by the Fifty-sixth congress and those made by the Fifty-fourth congress amounts to \$395,482,272.

During the session just closed the demands of the people, through their representatives, for the construction of the Nicaragua canal, have gone unheeded; for new public buildings they have been persistently denied. The river and harbor bill has been permitted to fail. The payment of just claims of honest people against the government has not been provided for.

The most casual examination of this table makes comment practically unnecessary. It shows that the army, for each of the two years prior to the Spanish-American war, cost a little over \$23,000,000, and but little more than \$46,000,000 for the two years covered by the Fifty-fourth congress, while for the army for each of the two years since that war, 1901 and 1902, it cost nearly \$115,000,000, or \$230,000,000 for the two years, exclusive of deficiencies that have been provided for in large sums out of appropriations made for expenses of the Spanish war during the Fifty-fifth congress.

The navy cost, for the two years 1897-1898, \$63,562,000, while for the years 1901 and 1902 these appropriations amount to nearly \$144,000,000.

For the payment of pensions the appropriations show an increase of nearly \$8,000,000 for the two years.

In a word, this table shows that the price to the people of the policy

of the administration that has been thrust upon them by the Republican party is, in round numbers, \$400,000,000 within a period of two years, and the half that is contemplated has not yet been put in operation.

The ship subsidy measure, that has been deferred, but not abandoned, will cost \$180,000,000 more, to say nothing of the lesser schemes that are proposed.

## WARSHIP CONTRACTS LET.

Seven Firms Awarded Them—Estimated Total Cost of Them to Be About \$81,500,000.

Washington, March 7.—The navy department let the contracts for 13 vessels. When ready for service these ships will represent an outlay of at least \$81,500,000, and probably more. They will have a displacement of 176,000 tons, equivalent to that of 17 ships of the size of the Oregon.

According to the contracts, Cramp will build the battleship Pennsylvania and the armored cruiser Colorado. The Newport News ship yard will build the battleship Virginia and the armored cruisers West Virginia and Maryland. The Union Iron works of San Francisco, will build the armored cruisers California and South Dakota. Neafie & Levy, of Philadelphia, will build the protected cruiser Charleston and the battleship Georgia, the Fore River Ship and Engine company the battleships New Jersey and Rhode Island, and Moran Bros., of Seattle, the armored cruiser Nebraska. The Bath company refused to undertake the construction of the protected cruiser St. Louis at the figure offered by Secretary Long.

McConnell, of Pittsburgh, Mass.; national warden, Nathan McNamara, of New London, Conn.; national chaplain, Rev. P. J. McGilvery, of Middletown, Conn.; national physician, M. T. McMannus, of New York.

The new members of the board of directors are: Messrs. P. L. L. McArile, of Chicago; H. V. O'Donnell, of Providence; R. L. W. A. Pendergast, of Brooklyn, and J. B. At the evening session a vote was passed whereby the salary of the supreme knight shall be raised from \$1,500 to \$2,500, and it was decided to hold the next convention either at Plattsburg, N. Y., or at Atlantic City, N. J., the final choice to remain with the supreme knight.

## Mother Superior Mariana Dead.

Los Angeles, Cal., March 7.—Mother Superior Mary Marinana is dead at the Sisters' hospital, aged 71 years. She was for many years in charge of the large orphan asylum at Richmond, Va., and was treasurer of the Order of Sisters of Charity of the United States. For the last 23 years she has lived at Emmettsburg, Md. She had been paying her yearly visit to the house of the order and arrived in Los Angeles from New Orleans a month ago, ill with pneumonia. She rallied from this and 10 days ago was stricken with paralysis. This was followed by two other strokes, the last of which caused her death.

## Slaves Were Released.

London, March 7.—News received from Northern Nigeria, bringing events there up to Jan. 31, describe the operations of a British expedition of about 300 against the marauding Imers of Bida and Konagora. Both capital towns were burned by the British. About 200 slave women belonging to the king of Bida were released by about 36 men under the command of two officers, who successfully engaged about 1,000 armed natives.

## RAILROAD STOCKS

Absorbed in the Market Wednesday.

Wide Fluctuations in Some Specialties.

New York, March 7.—The character of Wednesday's stock market was very similar to that of Tuesday. Absorption of railroad stocks of a high grade by buyers of abundant resources and of a substantial kind went on side by side with wide fluctuations in some of the highly speculative specialties. So far as the railroad department was concerned, activity was shifted to some extent from those stocks which were most prominent Tuesday.

Tuesday's late movement in Burlington was continued at the outset Wednesday and the stock was carried up 2% to 150%, a record price. The strength of the stock was due to the fact that large competing railroad interests are admittedly buying the stock, professedly for investment, but, according to the Wall street interpretation, with a possible view to consolidation, or, at all events, to the extension of a community of interests. Union Pacific, Northern Pacific and Pennsylvania were all said to be interested in the buying. The Baltimore and Ohio railroad stocks continued to show conspicuous strength, the common advancing 3 and the preferred 2%. There was also a striking movement in Atchison preferred, which carried it up 3 points. The common stock of this road, Union Pacific, Southern Pacific and Louisville and Nashville were also very strong.

Among the industrials Amalgamated Copper and Sugar claimed the largest share of attention. The former opened down 1% on reports of a renewal of antagonistic measures in Montana. It was strongly supported and was rallied 2% at one time, but in the late dealings it broke below 101 and closed with a net loss of 2%. Sugar was forced under Tuesday night for only a brief period, and after varied fluctuations closed with a net gain of 1%. The steel stocks continued much neglected and heavy in tone. The formal steps towards the completion of measures to insure the exchange are still in progress. While the new securities thus remain non-existent operations in the group are hampered. The sub-treasury has taken nearly \$3,000,000 from the market since last Friday, and bankers report that the turn in the tide of the interior money movement to New York is at hand. Call money shows a tendency to work somewhat closer.

The railroad bond market continues active and prices generally higher. Total sales, par value, \$5,080,000.

United States 3s. registered, declined 1/8 per cent on the last call.

# PEACE IS NOW NEAR

President McKinley Congratulated by Judge Tait on Philippine Conditions.

## NATIVES ARE CO-OPERATING

Attacks By Rebels in Panay Now Occur But Rarely—Several Municipal Governments Established And More Are Asked By Natives.

Washington, March 7.—Secretary of War Root received the following cablegram from Judge Taft, president of the Philippine commission:

Manila, March 3, 1901. On eve of president's second administration wish to convey to him assurance great progress made toward peace. Since Jan. 1, 127 firearms captured and 1,368 surrendered. Captures, surrenders both due co-operation natives. Since November 5,000 bolomen surrendered in Ilocos; 1,000 in Albay and Camarines; 60,000 residents Panay taken oath of allegiance; offensive attack by insurgents now of rarest occurrence; Delgado, insurgent leader, Panay, with 350 men and rifles; Angeles and Simon Techon, with 200, Bulacan, have surrendered. Lacuna, Mascado, Pablo, Techon, Sandico and other leaders have made overtures surrender, but condition immunity from prosecution for alleged complicity in assassination; not conceded, has delayed consummation. Federal party, avowed and direct outgrowth election, has spread with wonderful rapidity all parts archipelago and is active and urgent in advocacy of peace and presenting advantage of civil liberty under American sovereignty; assisted in securing surrenders in Panay. Party banquet of 300, eve Washington's birthday, and gathering of 7,000 members party on Luneta to hear loyal, earnest addresses leading Filipinos, were most convincing of its power, purpose, completely representative character. Commission has last three weeks organized five provincial governments, Pampanga, Pangasinan, Tarlac, Bulacan, Bataan; last two are Tagalog provinces. Each provincial capital in a body, met by appointment presidents, councilors and principal men of towns; explained provisions general provincial act and special bill for particular province, and invited discussion natives present of both bills. Conventions thus held very satisfactory; amendments suggested considered, special bill enacted, appointments followed. Explanation purpose president, people, United States to secure civil liberty received with enthusiasm. Anxiety for provincial government every where apparent and satisfaction with form adopted manifest. Reception from people at large, along way and in capitals, most encouraging. At Dagupan met convention 350 delegates from 34 out of 35 towns. 12 others less delegates in attendance, but not less interested. Enthusiastic meetings federal party, called by president and directors party, who accompanied us, held every capital visited. In three large provinces natives appointed provisional governors. In Bataan, on petition eight out of nine towns, volunteer officer appointed. In Tarlac feeling between loyal factions required appointment American. Expression loyalty by all natives in convention emphatic, sincere. In compliance with urgent native invitations leave March 11 for south to organize provinces Tayabas, Romblon, Iloilo, Capiz, Zamboanga, such others as ready. Returning shall organize Zambales, Union, Gagayan, Ilocos, Norte. Military governor has recommended organization Batangas, Cavite, Laguna, Nueva, Ecija, but shall delay action as to these until return from northern and southern trips. Fragmentary cable dispatches detailing small engagements, which are only the result increased activity army after close wet season and efficient policing country, made possible by active native co-operation, create wrong impression on mind of public as to probable continuance war and as to conditions, which have in fact never been so favorable to restoration of complete peace and accom-

plishment of declared purpose of president."

### CARMAN GAVE THEM AID.

By Trading Put Over Six Million In Indians' Coffers.

Vancouver, B. C., March 7.—Japanese papers received by the steamer Empress of India have full details of the occurrences leading up to the arrest by the military police of Manila, on Feb. 7, of D. L. Carmichael and Señor Carranza, on the charge of aiding the insurgents. The two men under arrest did business in the Philippines as contracting agents under the firm name of the Carmichael company. By means of letters of introduction and influential friends Carmichael is said to have secured permission to go at will between the lines. This privilege gave him an immense advantage over other Manila merchants, and it is charged that he utilized this opportunity to transact an immense business with the insurgents, selling them supplies and storing for them copra and lumber, which he is said to have sold to advantage for the insurgents, putting \$6,100,000 into their coffers.

### One Child Dead.

Pittsburg, March 7.—Grieving for an absent mother and the once happy home shattered by death and misfortune, Martin Higgins, aged about 3 years, son of William Higgins, of McKeesport, died at St. Paul's Orphan asylum, in Pittsburg. The child was the baby of the family and seemingly pined away from a desire for home and mother. The other two children who are in the asylum are aged 5 and 8 years, and they are both said to be very ill. The children are receiving every attention at the hands of the sisters at the institution, but they seem to lack vitality or the desire to live.

### May Be Assistant Secretary of War.

Washington, March 7.—The president selected William Carey Sanger of New York, for assistant secretary of war, in succession of George D. Meiklejohn, of Nebraska, who has held the office for the last four years. Colonel Sanger, with his wife, formerly Miss Dodge, a daughter of General C. C. Dodge, of New York, has been a guest at Secretary Root's home.

### Durant Worked a Fake.

Paris, March 7.—The report that John Wilson Durant, of Albany, N. Y., who had been living during the last two years in Paris with his mother, had been killed at Ostend in a duel with a Russian count, was an invention of his own. Mr. Durant is still alive.

### Preached In Baltimore.

Pittsburg, March 7.—Dr. D. M. McClellan, of Allegheny, was in Baltimore supplying the vacant pulpit of the North Avenue church of that city. This is the church which has called to its pastorate the Rev. Dr. Thomas Atkinson, of Carnegie, who will begin his work in Baltimore as soon as he returns from his trip to the Holy Land.

### The Rev. Dr. William Bright Dead.

Oxford, Eng., March 7.—The Rev. Dr. William Bright, regius professor of ecclesiastical history and canon of Christ church, Oxford, since 1868, and sub-deacon since 1895, is dead. He was born in 1824.

### Chandler Given a Position.

Washington, March 7.—Ex-Senator William E. Chandler, of New Hampshire, has been selected to be president of the Spanish claims commission. The other appointments will soon follow and it is intended that the commission shall get to work as soon as possible, in view of the vast amount of work to be done.

### Son of Senator Pettus Dead.

### Members of Cabinet Sworn In.

Washington, March 7.—The members of the cabinet were sworn in in the cabinet room at the white house.

A widow who has made up her mind to marry again has a great deal more sense in laying traps than a widower.—Atchison Globe.

## ENGLAND WARNED.

Morgan Said War Would Result If She Tried to Enforce Bulwer Treaty.

Washington, March 7.—Again Tuesday Vice President Roosevelt was the central figure of the opening proceedings of the senate. When he appeared at his desk to call the senate to order a wave of applause swept over the thronged galleries. He evidently was impatient at the demonstration, and, sharply tapping his desk with the gavel, warned the spectators that a repetition of the applause would result in an order to clear the galleries.

After a brief debate the amendment to the rules of the senate placing a limit upon debate, offered Tuesday by Senator Platt, of Connecticut, was referred to the committee on rules. The debate developed the fact that no intention exists on the part of the proponent of the amendment to urge its discussion at the present extraordinary session.

Mr. Morgan, of Alabama, who on Tuesday offered a resolution declaring the abrogation of the Clayton-Bulwer treaty between the United States and Great Britain, addressed the senate for nearly two hours upon his proposition. His admonitions to Great Britain were particularly sharp. He declared that if Great Britain should endeavor to enforce the terms of the treaty the effort would result in a war in which the great empire which had controlled for scores of years the commerce of the world would be swept from power and her new king would be left with only sovereignty over his own island.

### Hay Had to Testify as to Himself.

Washington, March 7.—Secretary Hay has been obliged to testify to his own ability and fidelity. Wednesday he signed his own commission, as he is required to sign all the commissions of cabinet officers, and he thereby declared that he imposed implicit confidence in himself and in his own fidelity and ability.

### BEYOND DOUBT

These Facts Must Convince Every East Liverpool Reader.

That which follows is the experience of a resident of East Liverpool. Incredulity cannot exist about the statement, because it can readily be investigated.

Mr. Henry Bevington, who resides at the corner of Avondale and Bradshaw avenue, says: "During three years I had attacks of dull, steady aching in the back. When stooping or sitting for some time it would change to a quick pang as I arose to an upright position. My back tired out easily when walking or standing long, and I often had headaches, dizziness, and in the morning great depression. I took medicines, many of them, but found Doan's Kidney Pills, sold at the W. & W. pharmacy, to be more suitable for my complaint than anything that I had ever tried."

Sold for 50 cents per box by all dealers, Foster-Milburn Co., Buffalo, N. Y. sole agents for the U. S.

### Pointing Out Defects.

J. W. Cochran, of the Ohio inspection bureau, is notifying local property owners of defects in their buildings, as discovered in inspections recently made. Buildings are examined by this bureau regularly, and the result is made known to the owners and insurance rates are fixed accordingly.

## DR. PIERCE'S Favorite Prescription

"I am so grateful to you for your advice," says Mrs. Sidney B. Oakes, of Whitmell, Pittsylvania Co., Va. "When I commenced your medicines I had been treated by different doctors for three months or more, but would only receive partial relief for a short while and then would be worse than before. Was confined to my bed most of the time. At the time I commenced your treatment my left side was completely paralyzed. Had no desire to eat anything; bowels constipated all the time. Nerves were all unstrung, so I could not bear the least noise. I also suffered from diseased ovaries and female weakness. But thanks to my Maker and you, after following your advice, I am able to do all my washing, sewing and house work in general. I haven't had a spasm in two months. Left off medicines about one month ago. Didn't think it necessary to continue them longer. I have taken about seven bottles of Dr. Pierce's Favorite Prescription, seven of the 'Golden Medical Discovery,' and two vials of 'Pleasant Pellets.' I heartily recommend those medicines to all suffering as I was."

President McKinley Congratulated by Judge Tait on Philippine Conditions.

## NATIVES ARE CO-OPERATING

Attacks By Rebels in Panay Now Occur But Rarely—Several Municipal Governments Established And More Are Asked By Natives.

Washington, March 7.—Secretary of War Root received the following cablegram from Judge Taft, president of the Philippine commission:

Manila, March 3, 1901.  
"On eve of president's second administration wish to convey to him assurance great progress made toward peace. Since Jan. 1, 127 firearms captured and 1,368 surrendered. Captures, surrenders both due co-operation natives. Since November 6,000 bolomen surrendered in Illocos; 1,000 in Albay and Camarines; 60,000 residents Panay taken oath of allegiance; offensive attack by insurgents now of rarest occurrence; Delgado, insurgent leader, Panay, with 350 men and rifles; Angeles and Simon Techon, with 200, Bulacan, have surrendered. Lacuna, Mascado, Pablo, Techon, Sandico and other leaders have made overtures surrender, but condition immunity from prosecution for alleged complicity in assassination; not conceded, has delayed consummation. Federal party, avowed and direct outgrowth election, has spread with wonderful rapidity all parts archipelago and is active and urgent in advocacy of peace and presenting advantage of civil liberty under American sovereignty; assisted in securing surrenders in Panay. Party banquet of 300, eve Washington's birthday, and gathering of 7,000 members party on Luneta to hear loyal, earnest addresses leading Filipinos, were most convincing of its power, purpose, completely representative character. Commission has last three weeks organized five provincial governments, Pampanga, Pangasinan, Tarlac, Bulacan, Bataan; last two are Tagalog provinces. Each provincial capital in a body, met by appointment presidents, councilors and principal men of towns; explained provisions general provincial act and special bill for particular province, and invited discussion natives present of both bills. Conventions thus held very satisfactory; amendments suggested considered, special bill enacted, appointments followed. Explanation purpose president, people, United States to secure civil liberty received with enthusiasm. Anxiety for provincial government everywhere apparent and satisfaction with form adopted manifest. Reception from people at large, along way and in capitals, most encouraging. At Dagupan met convention 350 delegates from 34 out of 35 towns. To others less delegates in attendance, but not less interested. Enthusiastic meetings federal party, called by president and directors party, who accompanied us, held every capital visited. In three large provinces natives appointed provisional governors. In Bataan, on petition eight out of nine towns, volunteer officer appointed. In Tarlac feeling between loyal factions required appointment American. Expression loyalty by all natives in convention emphatic, sincere. In compliance with urgent native invitations leave March 11 for south to organize provinces Tayabas, Romblon, Iloilo, Capiz, Zamboanga, such others as ready. Returning shall organize Zambales, Union, Gagayan, Ilocos, Norte. Military governor has recommended organization Batangas, Cavite, Laguna, Nueva, Ecija, but shall delay action as to these until return from northern and southern trips. Fragmentary cable dispatches detailing small engagements, which are only the result increased activity army after close wet season and efficient policing country, made possible by active native co-operation, create wrong impression on mind of public as to probable continuance war and as to conditions, which have in fact never been so favorable to restoration of complete peace and accom-

plishment of declared purpose of president."

### CARMAN GAVE THEM AID.

By Trading Put Over Six Million In Indians' Coffers.

Vancouver, B. C., March 7.—Japanese papers received by the steamer Empress of India have full details of the occurrences leading up to the arrest by the military police of Manila, on Feb. 7, of D. L. Carmichael and Señor Carranza, on the charge of aiding the insurgents. The two men under arrest did business in the Philippines as contracting agents under the firm name of the Carmichael company. By means of letters of introduction and influential friends Carmichael is said to have secured permission to go at will between the lines. This privilege gave him an immense advantage over other Manila merchants, and it is charged that he utilized this opportunity to transact an immense business with the insurgents, selling them supplies and storing for them copra and lumber, which he is said to have sold to advantage for the insurgents, putting \$6,100,000 into their coffers.

### One Child Dead.

Pittsburg, March 7.—Grieving for an absent mother and the once happy home shattered by death and misfortune, Martin Higgins, aged about 3 years, son of William Higgins, of McKeesport, died at St. Paul's Orphan asylum, in Pittsburg. The child was the baby of the family and seemingly pined away from a desire for home and mother. The other two children who are in the asylum are aged 5 and 8 years, and they are both said to be very ill. The children are receiving every attention at the hands of the sisters at the institution, but they seem to lack vitality or the desire to live.

### May Be Assistant Secretary of War.

Washington, March 7.—The president selected William Carey Sanger of New York, for assistant secretary of war, in succession of George D. Meiklejohn, of Nebraska, who has held the office for the last four years. Colonel Sanger, with his wife, formerly Miss Dodge, a daughter of General C. C. Dodge, of New York, has been a guest at Secretary Root's home.

### Durant Worked a Fake.

Paris, March 7.—The report that John Wilson Durant, of Albany, N. Y., who had been living during the last two years in Paris with his mother, had been killed at Ostend in a duel with a Russian count, was an invention of his own. Mr. Durant is still alive.

### Preached In Baltimore.

Pittsburg, March 7.—Dr. D. M. McClellan, of Allegheny, was in Baltimore supplying the vacant pulpit of the North Avenue church of that city. This is the church which has called to its pastorate the Rev. Dr. Thomas Atkinson, of Carnegie, who will begin his work in Baltimore as soon as he returns from his trip to the Holy Land.

### The Rev. Dr. William Bright Dead.

### Son of Senator Pettus Dead.

Montgomery, Ala., March 7.—Speaker Francis L. Pettus, of the Alabama house of representatives, and son of United States Senator E. W. Pettus, died from rheumatism.

### Members of Cabinet Sworn In.

Washington, March 7.—The members of the cabinet were sworn in in the cabinet room at the white house.

A widow who has made up her mind to marry again has a great deal more sense in laying traps than a widower.—Atchison Globe.

## ENGLAND WARNED.

Morgan Said War Would Result If She Tried to Enforce Bulwer Treaty.

Washington, March 7.—Again Tuesday Vice President Roosevelt was the central figure of the opening proceedings of the senate. When he appeared at his desk to call the senate to order a wave of applause swept over the crowded galleries. He evidently was impatient at the demonstration, and, sharply tapping his desk with the gavel, warned the spectators that a repetition of the applause would result in an order to clear the galleries.

After a brief debate the amendment to the rules of the senate placing a limit upon debate, offered Tuesday by Senator Platt, of Connecticut, was referred to the committee on rules. The debate developed the fact that no intention exists on the part of the proponent of the amendment to urge its discussion at the present extraordinary session.

Mr. Morgan, of Alabama, who on Tuesday offered a resolution declaring the abrogation of the Clayton-Bulwer treaty between the United States and Great Britain, addressed the senate for nearly two hours upon his proposition. His admonitions to Great Britain were particularly sharp. He declared that if Great Britain should endeavor to enforce the terms of the treaty the effort would result in a war in which the great empire which had controlled for scores of years the commerce of the world would be swept from power and her new king would be left with only sovereignty over his own island.

### Hay Had to Testify as to Himself.

Washington, March 7.—Secretary Hay has been obliged to testify to his own ability and fidelity. Wednesday he signed his own commission, as he is required to sign all the commissions of cabinet officers, and he thereby declared that he imposed implicit confidence in himself and in his own fidelity and ability.

### BEYOND DOUBT

These Facts Must Convince Every East Liverpool Reader.

That which follows is the experience of a resident of East Liverpool. Incredulity cannot exist about the statement, because it can readily be investigated.

Mr. Henry Bevington, who resides at the corner of Avondale and Bradshaw avenue, says: "During three years I had attacks of dull, steady aching in the back. When stooping or sitting for some time it would change to a quick pang as I arose to an upright position. My back tired out easily when walking or standing long, and I often had headaches, dizziness, and in the morning great depression. I took medicines, many of them, but found Doan's Kidney Pills, sold at the W. & W. pharmacy, to be more suitable for my complaint than anything that I had ever tried."

Sold for 50 cents per box by all dealers, Foster-Milburn Co., Buffalo, N. Y. sole agents for the U. S.

Remember the name, Doan's, and take no other.

### Pointing Out Defects.

J. W. Cochran, of the Ohio inspection bureau, is notifying local property owners of defects in their buildings, as discovered in inspections recently made. Buildings are examined by this bureau regularly, and the result is made known to the owners and insurance rates are fixed accordingly.

"When I commenced your medicines I had been treated by different doctors for three months or more, but would only receive partial relief for a short while and then would be worse than before. Was confined to my bed most of the time. At the time I commenced your treatment my left side was completely paralyzed. Had no desire to eat anything; bowels constipated all the time. Nerves were all unstrung, so I could not bear the least noise. I also suffered from diseased ovaries and female weakness. But thanks to my Maker and you, after following your advice, I am able to do all my washing, sewing and house work in general. I haven't had a spasm in two months. Left off medicines about one month ago. Didn't think it necessary to continue them longer. ### ST. STEPHEN'S LENTEN CHIMES.

Noonday Services Well Attended—Arrangements for Easter.

A very interesting address was delivered by the rector yesterday at the noonday services.

The Sunday school teachers held a very important meeting last evening and made arrangements for the children's Easter services.

Notwithstanding the cold weather yesterday the Lenten services were well attended.

Choir rehearsal this evening at 7:30.

The rector will hold a cottage lecture this evening at the home of Mrs. A. Lowe, Trentvale street, from 7 to 9.

Services Friday at 12:30 and 7:30 p. m. Subject for noonday services:

"Forecasts of Life."

### Association of Ideas.

The 3-year-old son of a flat dweller, who had heard his father complain occasionally because the janitor was drunk and "in no condition to attend to his work," went to the flat above his own last week and rang the bell. When Mrs. Blank answered it, the young man said:

"Please, Mrs. Blank, can't your little girl come down and play with me?"

"Not today," said Mrs. Blank; "she is in no condition to play."

"What's the matter?" asked the boy anxiously. "Is she drunk?"—New York Sun.

### Couldn't Keep It.

After hearing evidence in an assault case between man and wife, in which the wife had had a deal of provocation, the magistrate, turning to the husband, remarked:

"My good man, I really cannot do anything in this case."

"But she has cut a piece of my ear off, sir."

"Well," said the magistrate, "I will bind her over to keep the peace."

"You can't," shouted the husband; "she's thrown it away!"

### An Embarrassing Laugh.

During a funny turn on the stage at the Walnut Street theater, Cincinnati, one night a man in the balcony leaned over the railing convulsed with laughter. During an extraordinary burst of hilarity his false teeth flew from his mouth and fell in the lap of a lady who was sitting in the parquet. Those near looked up and saw the toothless man waving frantically to the lady to pick up his teeth. This caused a general laugh at his expense. The teeth were returned by an usher.—Exchange.

EIGHT AT THE ALTAR.

This Number Added to M. P. Converts.  
Twelve Joined the  
Church.

The revival meetings now running in the Methodist Protestant church are proving "times of refreshing," indeed. Eight persons presented themselves at the altar last night, all of whom professed conversion, and 12 united with the church. This makes 15 accessions and 19 conversions in the three nights.

The seekers last night are described as both from the Sunday school and the saloon, and the accessions from childhood to over 52 years of age. The congregation present was great, Prof. Evans sang with great power. Those who wish seats to night are advised to come early, large as are the accommodations.

CHRISTIAN CHURCH.

Large Attendance, Good Sermon And  
One Convert.

The meeting at the Christian church Wednesday evening was well attended, and those present were well re-  
paid.

Rev. J. William Gorrell delivered an excellent sermon on "Excuses Given for Not Coming to Christ." He cited the parable of the Lord inviting guests to His feast, from whom He received the most "silly and contrary" excuses for not attending. The speaker said it was the same today, that the excuse for not being a guest at the feast of the Lord were just as ridiculous as the ones cited in the parable.

A. Dow Butterick, the singing evan-  
gelist, is still conducting the musical  
services in a successful manner, and  
during the evening sang a beautiful  
solo. One conversion followed the  
meeting. Services this evening at  
7:45.

Father O'Callaghan III.

Father Smyth received word yester-  
day afternoon of the serious illness  
of Father E. M. O'Callaghan, of St.  
Colman's church, Cleveland, and left  
on the afternoon train for Cleveland.

It was thought some time ago that for once at least in the history of East Liverpool the contest for the various township and municipal offices would not be notable, so far as fights were concerned. But as the time for holding the primary draws near the political pot has reached a heat even surpassing that of former years.

The places that will be the most hotly contested are those for council in the several wards, four of the five having fights on which will grow very warm as the canvass progresses.

In the first ward there are but two candidates, Officer Charles Gill and Henry E. Bullock, and the candidates have already begun an aggressive campaign. It is understood that Mr. Gill expects to retire from the police force this spring. His opponent is a young man, but his friends assert he is a strong candidate. Should the latter win the First ward could boast of having the youngest two councilmen who ever held seats in the body.

In the Second ward there is no contest, Joseph Barlow being the only candidate. The people of this ward are more than satisfied with the aspirant, and it can be taken for granted that the affairs of that particular community will be well taken care of by O. D. Nice, the present incumbent, who makes a model official, and Mr. Barlow.

The Third ward has everyone guessing, even the oldest politicians in the city indulging in a little speculation respecting the outcome. There are two candidates, George Peach and John Horwell. Both men are sufficiently well known to the average citizen to require no introduction. The former gentleman has served many terms in the city council, having presided over that body for several years. Mr. Peach has been absent in the south for some weeks, and his friends have taken up the fight in his behalf. They are confident of victory for their candidate.

Mr. Horwell has also represented his ward in council on several different occasions, and is considered one of the hardest men in the district to beat. The people back of Horwell have had their coats off ever since his name was announced and do not propose to be whipped without knowing how it happened.

The Fourth ward is to the front with a contest of a rather peculiar character. For the past year the second precinct, which embraces West End, Sunnyside and Jethro, has had the entire representation. Messrs. Fisher and McLane both hail from the West End, within a square of each other, and the people of the first precinct are out to capture the place with a candidate in the person of LeRoy Orr. There are two candidates from the second precinct, George Olhausen, who has served in the council with credit to his ward, is a candidate, and Michael Mc-

Geever, also. The latter withdrew from the last contest, but this time he proposes to stay in until the finish. He is from the lower end of the ward.

It is likely that the successful Republican in the Fourth will have to face Fisher, as it is understood he will be the nominee on the Democratic ticket. He is not regarded as nearly so strong a candidate, however, as he was two years ago.

Orr's friends are determined to win, and with that end in view are in the fight to stay until the last vote is counted.

Things in the Fifth are in a muddle, and all because Alex Chaffin did not come up with his entrance money before the time limit expired. Alex has been devoting the entire time since the entries closed to an attempt to have the other candidates permit his name to go on the ticket, and was in a measure successful. However, the city committee have not given their consent to this, and it is not likely they will do so. The members of the committee hold that it would be establishing a very bad precedent to allow the name to go on at this time, as others would naturally expect and be entitled to the same privilege, and it would be useless in that event to fix any time limit.

The other candidates who have been announced in the Fifth are W. B. Thomas, J. H. Martin and Robert Surles. The latter gentleman's canvass is based upon the claim of his friends that the Klondike region, of which he is a resident, should have representation. It is a growing community, they say, and needs a man who is right on the ground and who has a personal interest in the district, to look after their affairs. W. B. Thomas is from the lower end of the ward, and is said to be a strong man on the ticket, while J. Harvey Martin hails from a point about midway between the others and will be a factor.

Taken all in all the battle of ballots will be a merry one, furnishing enough excitement for the most fastidious.

## STEAMER DAMAGED.

**A \$10,000 Loss to the City of Pittsburgh. Many Coal Boats Pass Down.**

The packet steamer City of Pittsburgh, the finest, most complete and probably the handsomest vessel that plies the Ohio and Mississippi waters, caught fire while moored to her wharfboat at Cincinnati yesterday afternoon. Before the flames could be extinguished the pilot house was consumed.

Only the officers and deckhands were on the boat at the time, although every preparation was being made for her to make her regular trip to Memphis at 6 o'clock last evening. Quite a large passenger list has been made up. In a short time the men had the fire under control, but not before the flames had communicated with the steamer Texas, which was laying nearby. The fire started from an overheated stove and the damage will amount to \$10,000.

It is almost two years ago since the City of Pittsburgh was built in Cincinnati for the Pittsburgh, Cincinnati and Louisville Transportation company.

The packet Greenwood passed down last night and the Ben Hur will be down tonight. During yesterday 3,150,000 bushels of coal passed East Liverpool and the fleet yesterday afternoon was made up of the following boats:

Sam Brown, Valiant, Nellie Walton, Hornet No. 2, Ed Roberts, Iron Age, Tom Reese, Tom Dodsworth, Bradock and John Moren.

The marks at the East Liverpool wharf this morning registered 13 feet and rising slowly.

## NOW AFFILIATED WITH A. F. OF L.

**Trades Council Held a Well Attended Meeting at Its Hall Last Evening.**

## TO SUBMIT TO REFERENDUM

**The Matter of Representation Will be Submitted By the Secretary to the Various Unions for Action Changes in Number of Delegates.**

Trades Council held a long and busy session in Brotherhood hall last evening, and a great deal of business was transacted.

President McLane was in the chair, and the first thing demanding attention was the reception of new delegates. The credential committee reported favorably upon the following: Teamsters' local assembly No. 1894, H. A. Eberling, M. E. McCoy and William Allison; plasterers' union No. 42, M. L. Marquis.

Letters were received from Senator Hanna and Congressman R. W. Tayler, acknowledging the receipt of the resolutions passed by the council some time ago dealing with the oleomargarine question. Mr. Tayler promised to interest himself in the matter.

The different unions will be given an opportunity to vote by referendum on the question of representation. It had been deemed advisable to reduce the number of delegates to which each organization is entitled to three instead of five, as it now stands. After a discussion continuing through several meetings it was decided to canvass the locals in order to get their opinion. The secretary will send out circulars upon which will be recorded the number of votes for and against the proposition.

The committee appointed a previous meeting to revise the constitution and by-laws made its final report, and action was deferred until the next meeting.

A matter that has been up for several years was finally disposed of last night. Trades and Labor council will hereafter be affiliated with the American Federation of Labor. An application was sent to headquarters today asking that a charter be granted.

The grievance committee reported progress in the matter of settling the dispute existing between the local lathers and plasterers. Through a misunderstanding there was no meeting on the evening of February 26, as had been arranged, and another attempt will be made by the committee to meet with the two organizations on next Tuesday evening. It is hoped at that time some definite settlement will be made, as the dispute will result in a great deal of annoyance in case it is delayed until the spring work is rightly started.

Wm. M. Grafton, of Mingo Junction, an old member of the American flint glassworkers' union, was here given the privilege of the floor and made an able address upon topics in which trades unionists are interested.

Under the head of reports of delegates the representatives from the retail clerks' organization reported their system of issuing cards to merchants employing union clerks to be working in a very satisfactory manner.

The grocery and butcher clerks reported that they had completed arrangements to supply their members with working cards.

## GOOD REPORTS

**MADE AT THE MEETING OF THE HOSPITAL ASSOCIATION.**

**Ladies Decide on March 30 As Donation Day for Workers.**

The Hospital association held a special meeting in Grand Army hall Tuesday afternoon at 3:30. The attendance was unusually large and the society was much encouraged by the gratifying reports made by its members.

The ladies decided upon Saturday, March 30, as the day when the donations of one day's work made by the working people of the city should be paid in to the treasury of the association. This movement has not rightly started as yet, but just as soon as the people become interested it is thought a neat sum can be collected.

Reports have been received from a number of business houses in reference to this part of the plan to raise money. These are to the effect that their employees have resolved to donate.

Miss Hazlett, the treasurer, reported having received the donations of the Eagle Hardware company, Rev. J. C. Taggart and Holland Manley on Tuesday of this week. They were all substantial ones, and the association was much encouraged by their receipt.

The official solicitor, Mrs. Charles Hanley, made a report of her progress in the work of interesting the larger donors. This was also well received.

The announcement is made that a certain prominent citizen of the city will donate \$500 in June, provided the building has been started by that time with the intention of completing the same during this season.

It was the intention to hold another meeting on Tuesday, March 19, but the president announced at the close of yesterday's session that the meeting would be held on the afternoon of the 12th, at which time arrangements will be completed for receiving the working people's contributions. Several other matters now partially settled will be attended to at this meeting.

## 500 WERE ADDED.

**Methodist Episcopal Revival Closed After a Wonderfully Successful Season.**

Owing to the weariness of the pastor and workers, the revival services at the First Methodist Episcopal church were closed for the present at the meeting last evening. There were four conversions during the evening. Tonight and Friday and Saturday evenings there will be class meetings.

The revival at this church, which has been in progress for the past nine weeks, has resulted in nearly 500 admissions to the membership. Of this number about 225 were conversions and about 250 reclamations of former converts or members. It is a record which gives both pastor and church officers great satisfaction.

## The Big Comedy Event.

## A BIG CORNER IN PANHANDLE COAL

**All the Valuable Deposits In That Territory Controlled by a Combination.**

## SALE FOR A HALF MILLION

**Twenty Thousand Acres Lying Along the River in West Virginia Optioned by an English Syndicate. 40,000 More in One Man's Hands.**

Pittsburg, March 7.—The sale of 20,000 acres of coal lands in West Virginia to an English syndicate brings to light one of the biggest "corners" on coal fields ever formed.

Ernest W. Marland, an attorney, of Pittsburg, is at the head of the "corner," and besides having the titles for 25,000 acres in his own name, has control of 40,000 acres more. Mr. Marland yesterday closed the deal for 20,000 acres with Attorney Frank Combs, of Marion, O., representing a bank of that place, who is said to be purchasing in behalf of the Englishmen who are now in Steubenville. The price named in the agreement between the attorneys is about \$500,000.

Mr. Marland, T. F. Campbell, a farmer of Florence, Washington county, Pa.; E. A. Freshwater, an oil operator of Penrith, Hancock county, W. Va.; Justice of the Peace M. Jackson, of Frankfort, Pa., and Attorneys McKee & Patterson, of Steubenville, hold the "corner." These men, with the exception of Mr. Marland, about a year ago attempted to cover with options that portion of West Virginia known as the Panhandle, and by their joint efforts succeeded in capturing 41,000 acres. Their holdings covered a goodly portion of Hancock county, W. Va., and a big slice of Beaver and Washington counties, Pa.

With the exception of a long, narrow strip of land along the Ohio river and the Cumberland branch of the Panhandle railroad, including about 20,000 acres, they had nearly every coal property in the upper part of Hancock county covered by option. This strip seemed impossible to option, for the farmers owning the land, appreciating its value, formed a combination of their own and decided not to option under \$20 per acre. Marland kept on until he secured all he wanted and now controls the entire combination. He optioned most of the farms on the West Virginia side, beginning at a point almost directly opposite Wellsville, O., down almost to New Cumberland.

The 20,000 acres sold to the Englishmen lie below where King's creek empties into the Ohio river, and run back into Washington and Beaver counties. The Englishmen want river coal, which they intend to ship by barges to New Orleans and thence to foreign markets.

Marland at first declined to discuss the sale, but finally admitted that he signed papers optioning to others 20,000 acres at \$500,000. Marland denied that there was a "corner."

## Hurt His Foot Badly.

J. W. Swain, a roller at the outbound platform of the freight station, dropped an iron plate on his right foot yesterday afternoon, badly mashing it. He was taken to his home in the East End and will be unable to return to work for several days.

## EAST END.

### HIS AGE 166 YEARS.

**Such the Case With a Calcutta Man If His Statements Are Accurate.**

The most peculiar individual that has visited the East End for some time applied at one of the potteries for work this morning.

When asked what his name was he said he didn't know, but he lived near here. He stated that preaching was a part of his work and that he had preached every Sunday for 40 years in the Methodist Episcopal church at Williamsport, Ohio. He also stated that he had practiced medicine 25 years, was United States minister to Spain 24 years and was a peacemaker between nations. He had served in the United States army a number of years and was commander of the American forces in Cuba during the recent war.

Altogether he mentioned trades and professions he had followed for stated terms which would make him 166 years old had he started his lifework in his infancy.

He was a great musician and thought he would get up a class in the East End. He was asked to invest money in real estate and replied that he had spent most of his cash buying steamboats and railroads. He owned the City of Pittsburgh, Queen City and City of Wheeling exclusively, and owned the 10 o'clock freight train and the local on the C. & P., but didn't derive any revenue from them. Upon inquiry it was found that his name is Burbick and that his home is in Calcutta. He is a graduate dentist, but lost his mental balance over religion some years ago. He is about 25 years of age. It is thought that he should be taken to the asylum.

### CHAFFIN INDIGNANT.

**Finds the Life of a Politician Brings Troubles.**

Alex Chaffin was very wrathful this morning. He has it in for both the newspapers. When talking to a friend he said:

"It does beat all how these newspapers run on a man when he gets into politics. Some reporter has been writing a lot of stuff about me and it's well nigh all a lie. And that man Betz, of the central committee. He told me he'd put my name on the ticket if I got the consent of the other candidates, and after I spent all day hunting them up and getting their names on the petition, he said he meant he'd just put it on at the next primaries."

### May Advertise Also.

A pretty East End maiden referring to the Klondike lady who got a husband quickly by advertising, said: "I really believe I'll try the same plan. I wonder if I would be successful." The reporter assured her that she would undoubtedly succeed in very short order, and she departed, perhaps to write out her ad.

### EAST END GOSSIP.

Charles Chambers and family are

home from North Carolina on a short visit.

Harry Laughlin, of Pittsburgh, is visiting his parents here.

Miss Cora Crumley will leave for Atlantic City next Monday.

### H. C. FRY RESIGNS.

**Quits the National Glass Company And Will Build a Plant at Rochester.**

Pittsburg, March 7.—The trouble between some of the stockholders of the National Glass company, the big tableware combination, has increased since the destruction of the plant at Rochester, and has resulted in the resignation of H. C. Fry as president. The resignation was tendered yesterday and is to take effect on April 1.

President Fry was a vigorous advocate of the rebuilding of the burned works at Rochester without any delay and desired that the proposed building of a plant at Cambridge, O., be abandoned. This resolution was defeated, which showed that President Fry was not as strong as his opponents. Nothing has yet been done toward the rebuilding of the destroyed plant at Rochester, but the contracts for the Cambridge works have been awarded.

Mr. Fry does not intend to quit the glass business. He is now preparing plans for a large independent plant which will be erected either at Rochester or Monaca.

### TO STRIKE APRIL 1.

**Decision of Pennsylvania Miners Unless Demands Are Granted.**

Altoona, Pa., March 7.—The central Pennsylvania bituminous miners' convention developed an unexpected phase when a resolution calling a general strike April 1 unless the scale is paid, was passed unanimously.

Resolutions favoring a weekly pay law; purchase of union made goods handled by union clerks; an eight-hour day, beginning April 1, 1901; abolition of the company stores; the establishment of co-operative stores, and the 2 and 3 per cent check off, were adopted.

### DECORATING SHOP FAD.

**Girls Have a Pleasing Fashion of Giving Suppers.**

It has become a great fad at several of the decorating shops of the city for the girls to hold oyster suppers at regular intervals. The employees at the Sevres pottery have had several, the last one being held at the home of Miss Isabella Ball, Forest street.

The custom had been to hold the affair at the pottery, but upon a former occasion the pot in which the oysters were stewed contained some foreign substance that gave the cooking a very peculiar flavor. It was decided to hold the functions at the various homes in the future.

### ABOUT THE POTTERIES.

President Al Hughes left yesterday afternoon for a business trip to Akron.

The clay hands at the Taylor, Lee & Smith pottery will resume work Monday.

tery company, was in this city today on business.

This morning a printer was added to the force in the decorating department at the Burford Bros. Pottery company, and one was put on at the Sevres plant.

### GEORGE BROWN ARRESTED.

**One of the Colored Peace-Disturbers Fined.**

Affairs at police headquarters have taken another slump, and but one arrest was made last night.

George Brown was in the crowd of colored people captured at Williams' mill, but in some manner succeeded in getting away. The officers making the arrest were aware of his presence and the other members of the force were instructed to keep a watch for him.

Last evening George made his first appearance on the street and in a very short space of time Officer Mahony had him in custody. Brown was taken to jail and when arraigned pleaded guilty. His honor gave him the same fine as the others had paid and he paid up.

### NO MORE KISSING.

**New Order in Effect in 'Squire McCarron's Office.**

When Justice McCarron was asked yesterday if he had any weddings lately, he said: "No; I haven't had any weddings since it was advertised that I had kissed the bride the other day. The ladies naturally have a horror of the kissing bug, but didn't seem to know exactly what it was until they read that story, and now I guess they think I'm one."

The 'squire has made a rule that parties desiring any kissing done in his office hereafter must do it themselves.

case of Martin vs. Kepner of course jeopardized his wife's property interests which were in his name and they were transferred to her title. The plaintiff is now trying to secure possession of the property in satisfaction

### NAPOLEON'S EYE.

**One Look From It Explained His Power Over Men.**

In 1887, while working in London as a curate to the Rev. Canon Fleming, I was called in my vicar's absence to administer a religious service to an old admiral in Eaton square. The admiral's name was Eden. After the service was over he took my hand and said: "Shake hands with me, young man. There are not many alive who can say what I can say. You are talking with a man who has talked to Napoleon the Great." "Sir," I said, "that is history. May I hear more?" The old admiral then told me that he was once returning with the fleet—I think from the West Indies, but of that I am not sure—and touched at St. Helena. The admiral said, "I am going up to Longwood to pay my respects to Napoleon, and the senior midshipman comes with me."

"I was the senior midshipman," said the old gentleman, "and so I went. We waited for Napoleon in an outer room, and you must imagine how eagerly I expected his entrance. The door was thrown open at last, and in he came. He was short and fat and nothing very attractive but for his eye. My word, sir, I have never seen anything like it. After speaking to the admiral he turned to me, and then I understood for the first time in my life what was the meaning of the phrase, 'A born ruler of men.' I had been taught to hate the French as I hated the devil, but when Napoleon looked at me there was such power and majesty in his look that if he had bade me lie down that he might walk over me I would have done it at once. English middy though I was. The look on Napoleon's face was the revelation of the man and the explanation of his power. He was born to command."

Such was Admiral Eden's version to me of an incident which at 90 years old or thereabout seemed to him as fresh as if it had happened only the day before.—Rev. John Rooker in London Spectator

### IN A MODEL.

Maryland Republican Legislators Refuse to Attend the Session. Democrats Alone.

Annapolis, Md., March 7.—The Democrats in the senate, owing to the absence of Senators Moore and Claggett, failed of a majority, there being but 13 senators out of the 26 present when that body was called to order. Instead of proceeding under the old organization and adjourning from day to day, or forcing the attendance of the Republicans who were in the building and purposely absenting themselves from the senate chamber the Democrats proceeded without the presence of a quorum to re-elect the old officers. Then they sent the sergeant-at-arms after the Republicans, who declined to recognize his authority on the ground that he had not been legally elected.

The Democrats proceeded to business without a quorum and the bill to amend the election law was introduced and referred to the proper committee.

It was claimed last night that this course will prove fatal to the measure, as the Republicans are looking for a chance to take the matter into the courts.

United States About to Purchase Legation Quarters in Peking.

Washington, March 7.—The diplomatic and consular appropriation bill placed at the disposal of the state department a sum of money for the purchase of legation premises for the United States in Peking. Therefore Secretary Hay has instructed Special Commissioner Rockhill that he is permitted to proceed immediately to consummate the purchase of a suitable tract of land.

With the exception of Great Britain, which owned its own legation premises in Peking before the Boxer outbreak, it is believed here that the United States will be the only foreign power which will have paid cash for every foot of ground in its legation compound.

### AWARDED SMALL DAMAGES.

Husband of Mrs. Nation Decided to Take Case to Kansas Supreme Court.

Topeka, Kan., March 7.—Several months ago Mrs. Carrie Nation, in a street speech at Medicine Lodge, stated that Samuel Gridin, a county attorney of Barber county, was granting the saloonkeepers of Kiowa immunity from prosecution for a money consideration. "They are giving \$15 a month," she is quoted as saying, "and I have witnesses to prove it."

Gridin sued Mrs. Nation for damages and the jury gave him a verdict of \$1 and costs of suit.

Mrs. Nation, by her attorney, David Nation, who is also her husband, has taken the case to the supreme court on writ of error.

## THE REVOLVER HABIT.

The habit of carrying concealed weapons is one that should be discouraged in every possible way. It is a dangerous habit to indulge in. Next to the "unloaded" revolver, which is constantly going off and killing its owner or some one else, the concealed revolver is particularly successful in getting its possessor into trouble. The temptation to use a weapon, if a person has one, is often too great for even a man of good sense to withstand, while drunken men and fools are prone to shoot, first and reflect afterward. Half of the murders and shooting affrays that are chronicled daily would never occur if the law prohibiting the carrying of concealed weapons were diligently enforced.

The revolver in a man's pocket is a needless encumbrance in a thoroughly civilized community. If a man has large sums of money to carry or is engaged in any extra hazardous occupation, where he is liable to come in contact with tramps or tough characters, he will experience no difficulty in obtaining a permit to carry a weapon. The ordinary citizen has no need for one and puts his own life and that of his friends in peril, besides violating the law, when he puts one in his pocket. This is not Texas or Oklahoma or the wild west, and a man is far safer unarmed than armed under ordinary conditions. Especially should the pistol-carrying habit among boys be sternly condemned and absolutely forbidden by parents and guardians. We ridicule Kentuckians for their shooting proclivities and then go and imitate their example. It is an insane sort of folly. Police justices can discourage and prevent it to a great extent by rigidly imposing full penalties; but there ought also to be an awakened public sentiment against the evil.

## FOOLISH PRACTICAL JOKES.

The practical joker, otherwise known as the "Smart Aleck," has been getting in his work in Kenton, and like many another of his tribe has lived to regret his foolish action. A press dispatch states that a certain grocer of that city has amused himself for years by placing cowhage otherwise known as "cow itch," on the hands and faces of men and boys visiting his store. It is a powerful irritant, and the least speck of it coming in contact with the naked skin causes excruciating itching.

The grocer a few days ago put a quantity of this powder on the head of a boy. It caused such an itching that the boy became a maniac. The man has been sued by the lad's guardian for \$10,000 damages. The accused, if guilty, ought to be made to pay it or go to jail, to teach him or other "jokers" a lesson. Permanent bodily injury and even death has resulted time and again from the pranks of would-be humorists. A joke that causes another pain, either mental or physical, is anything but funny, but there are few practical jokers who work with any other intent. Such

pastime may afford satisfaction to savages and barbarians, but not to intelligent Americans.

## CARELESS LEGISLATION.

The state legislatures which have been in session during the winter are adjourning one by one, and legislators and citizens are discovering the errors that have been made. The crop is as abundant as usual. In West Virginia, for example, it is claimed that several important pieces of legislation become null and void through the neglect of certain essential formulas. In Pennsylvania the legislature is still in session, but already errors are being discovered in the work done only a few weeks ago, and bills are actually being introduced to correct the defects in measures passed during the present session. There is a confession of haste and incompetency for you! It should be a lesson to the people who create legislatures, teaching them to make sure that they are composed of proper material.

When one witnesses the carelessness displayed by many persons, especially boys, in jumping on and off moving trains and street cars, he ceases to wonder why coroner's cases are frequent.

## DECIDEDLY ROMANTIC.

### Young Couple Whom Neither War Nor Religion Could Separate.

Akron, March 7.—A wedding with some decidedly romantic features took place in the mayor's office at the city building yesterday. Mayor Young united Alexander Hartman and Mary Kerst, a young Hungarian couple who have been in this country but six months. On Monday Miss Kerst had Max Hartman, Alexander's half brother, arrested for striking her, and when she appeared as a witness it developed that she had lived with Alexander Hartman for some time as his wife, although they had never been legally married. As an explanation, the young woman said it had been their desire to marry in their own country, but that as Hartman was a Hebrew and she a Catholic, it was impossible. The mayor ordered the woman to secure a license and to appear with Hartman.

After the ceremony the couple related another chapter of their history. Hartman, it seems, was serving as a soldier in the Austrian army when he fell in love. Desiring to be near Hartman, Miss Kerst dressed in man's clothes and succeeded in securing a position among the followers of Hartman's regiment. She served in this capacity a year.

### Sanger Ordered to Philippines.

Washington, March 7.—The state department has been officially advised that the asphalt controversy at last has been brought before the Venezuelan courts. The advice confirms the unofficial report received last week to the effect that the Warner-Quinlan claimants sent a few workmen on to the lake claimed by the Bermudez company; they were ejected and suit was begun against the Bermudez company before the Venezuelan courts. It is the intention of the state department to let the controversy be tried out before the Venezuelan tribunal.

### TALE TOLD ABOUT A THREAT

Note Case From Kensington Disposed Of—Assignment of Cases Next And Other Proceedings in the County Court.

Lisbon, March 7.—(Special.)—The jury returned a verdict last evening in the case of James M. Miller against C. S. Yonley in favor of the plaintiff. Miller sued to recover on a \$25 note given in Kensington and recovered judgment for \$30 17. Yonley claimed that he owed the plaintiff nothing, and gave the note when he was threatened with arrest and imprisonment and with losing his job with the Pennsylvania company.

William Harding sued some time ago, asking judgment for \$1,096, which he claimed was due him for boarding and caring for David Harding. Last evening the defendant offered to settle the case for \$150, and the plaintiff accepted.

In the case of Elizabeth J. Cameron versus Blanche C. Smith et al, the court found that the plaintiff was entitled to a dower interest in the property in question. John C. Hayes, R. M. Haugh and C. R. Chaney were appointed to appraise the property which is in Wellsville.

In the case of Willard J. Wilhelm against W. A. McArtor et al, the defendant came into court and admitted that they owed the plaintiff \$70. Judgment was entered for the amount.

Assignment of cases was made for next week as follows:

Monday—Clarence Kountz vs. J. A. Crowley et al; W. T. Hawkins vs. Adah Spencer.

Tuesday—W. K. Gaston, administrator, vs. Geo. F. Brunt.

Wednesday—Albert Dinerstine vs. the East Liverpool railway company; Jason H. Brookes vs. William Tucker et al.

Thursday—Elizabeth Bretz, administrator, vs. J. W. Kinnear; Chas. E. Smith, treasurer, vs. Amos Entriken; R. B. Thompson vs. Henry Roderus; Hydraulic Press Manufacturing company vs. H. O. Reeder; Alvin L. Baker vs. Wm. O. McCurdy.

The case of Laura Sharp vs. Elmer Thayer et al was settled this morning in court and the case of William Downard vs. H. C. Wells was dismissed.

The will in the estate of the late James Welch, of Madison township, was admitted to probate this morning, and James Crawford was appointed administrator. No bond was required. W. K. George, E. F. Tullis and J. A. McIntosh were appointed appraisers.

Judge Boone refused to probate the will of Nicholas Shadet, of Salem township, as it had not been properly executed. Joseph Gottschalk and Mrs. Martha Grace signed as witnesses, but Mrs. Grace did not see the deceased sign.

C. B. Pim, of East Rochester, and Miss Mary J. Swearingen, of Green Hill, were granted a marriage license today and will be married by Rev. Bessie Ward at Alliance. A license was also issued to J. A. Alexander and Miss Mollie C. Stoffer, of Homeworth.

### Pavements in Bad Shape.

Just previous to the present cold snap the pavements on Fifth street were in very bad condition. The frost had left the ground beneath and almost every sidewalk on one side of the street contained large sink holes. When the weather became cold again it left the pavements in a very uneven state.

Interest In the Incorporation Question Growing Greater All the Time.

### OPINIONS FOR AND AGAINST

Large Property Owners Generally in Favor of Making Chester a Town, Some Fear Lack of Understanding May Defeat the Proposition.

As the 12th of March draws near, incorporation arguments, pro and con, engross the attention of the residents of Chester.

The News Review does not espouse the cause of either side, but, between now and election day, will present the opinions of a number of parties interested. Expressions were asked and obtained from several citizens on the subject today.

C. A. Smith, who has large interests in Chester, is known to be an advocate of incorporation. He was out of the city today and could not be interviewed. The large property owners generally are in favor of the proposition. Among the interviews obtained were the following:

Justice Johnson—I believe it will carry by a vote of two to one, judging from the general expression of opinion as I hear it.

G. D. Arner—I think it will carry beyond a doubt. It certainly ought to carry. We have had enough lawlessness here already.

C. T. McCutcheon—I believe it would greatly benefit the town, but there seem to be a great many opposed to it. I hardly think it will carry.

James Stuart—The proposition will carry. Nearly all the better class of people favor the measure. If we ever expect to have a town we should incorporate.

Thompson Allison—I am rather of the opinion that the measure will be defeated for the reason that it is not well enough understood. The time to exercise caution is when councilmen are chosen, and I think there is no doubt that we should incorporate. If the move fails it will set the town back five years.

William Allison—I don't think it will carry, but believe it would be better for all concerned if it did.

George Wynne—It would be the best thing that ever happened for the town, and I believe the vote will be for incorporation.

F. E. Spivey—I would like to see it carry, but I fear that it may not. A large number of people seem to be opposed to it.

Many others refused to give their opinions.

Interesting Statements on the Appropriations Made by Party Leaders.

## CANNON DEFENDS CONGRESS

Total Appropriations Less Than Those Made at the Regular Session of the Preceding Congress—Mr. Livingston Finds Fault.

Washington, March 7.—Representative Cannon, chairman of the house committee on appropriations, and Representative Livingston, the senior Democratic member of the committee, have prepared statements of the appropriations of the Fifty-sixth congress, which will be printed in *The Record* today.

In his statement Mr. Cannon said in part:

The increase over the appropriations made at the first session of this congress is less than \$20,000,000; and this sum is more than accounted for by the increase of \$10,124,450 made on account of the postal service and by \$13,513,057 in the bill that provides for the maintenance of our naval establishment and for the construction, armor and armament of the new ships of the navy. One large item is the appropriation of \$5,250,000 authorized by legislation at the first session of this congress for the St. Louis exposition.

The total appropriations made at the two sessions of this, the Fifty-sixth congress, are \$128,150,092 less than the appropriations made during the two regular sessions of the preceding congress.

The new revenue law passed at this session will, it is estimated, reduce taxes for the coming fiscal year \$41,000,000, bringing over total estimated income for the coming fiscal year, including postal revenues, to \$675,633,642.

Of the total appropriations made at this session, at least \$30,000,000 will not, in the light of past experience, be expended.

The appropriations have been reduced \$128,150,092 by this congress under those provided for its predecessor, and this has rendered possible a reduction of taxes in the sum of \$41,000,000.

Mr. Livingston said in part:

The Fifty-fourth congress was the last one that made appropriations for the support of the government prior to the beginning of the Spanish-American war.

The Fifty-sixth congress is the first congress appropriating for the support of the government since the close of the so-called Spanish-American war. The difference between the appropriations made by the Fifty-sixth congress and those made by the Fifty-fourth congress amounts to \$395,482,272.

During the session just closed the demands of the people, through their representatives, for the construction of the Nicaragua canal, have gone unheeded; for new public buildings they have been persistently denied. The river and harbor bill has been permitted to fail. The payment of just claims of honest people against the government has not been provided for.

The most casual examination of this table makes comment practically unnecessary. It shows that the army, for each of the two years prior to the Spanish-American war, cost a little over \$23,000,000, and but little more than \$46,000,000 for the two years covered by the Fifty-fourth congress, while for the army for each of the two years since that war, 1901 and 1902, it cost nearly \$115,000,000, or \$230,000,000 for the two years, exclusive of deficiencies that have been provided for in large sums out of appropriations made for expenses of the Spanish war during the Fifty-fifth congress.

The navy cost, for the two years 1897-1898, \$63,562,000, while for the years 1901 and 1902 these appropriations amount to nearly \$144,000,000.

For the payment of pensions the appropriations show an increase of nearly \$8,000,000 for the two years.

In a word, this table shows that the price to the people of the policy

of the administration that has been thrust upon them by the Republican party is, in round numbers, \$400,000,000 within a period of two years, and the half that is contemplated has not yet been put in operation.

The ship subsidy measure, that has been deferred, but not abandoned, will cost \$180,000,000 more, to say nothing of the lesser schemes that are proposed.

## WARSHIP CONTRACTS LET.

Seven Firms Awarded Them—Estimated Total Cost of Them to Be About \$81,500,000.

Washington, March 7.—The navy department let the contracts for 13 vessels. When ready for service these ships will represent an outlay of at least \$81,500,000, and probably more. They will have a displacement of 176,000 tons, equivalent to that of 17 ships of the size of the Oregon.

According to the contracts, Cramp will build the battleship Pennsylvania and the armored cruiser Colorado. The Newport News ship yard will build the battleship Virginia and the armored cruisers West Virginia and Maryland. The Union Iron works, of San Francisco, will build the armored cruisers California and South Dakota. Neafie & Levy, of Philadelphia, will build the protected cruiser Charleston and the battleship Georgia. The Fore River Ship and Engine company the battleships New Jersey and Rhode Island, and Moran Bros., of Seattle, the armored cruiser Nebraska. The Bath company refused to undertake the construction of the protected cruiser St. Louis at the figure offered by Secretary Long.

New Haven, Conn., March 7.—The concluding session of the national convention of the Knights of Columbus was held Wednesday afternoon and last evening.

The officers for the ensuing year are: Supreme knight, Edward L. Hern, of South Framingham, Mass.; deputy supreme knight, John J. Hogan, of Syracuse, N. Y.; national secretary, Daniel Colwell, of New Haven, Conn.; national treasurer, P. J. Brady, of Cleveland; national advocate, James E. McConnell, of Fitchburg, Mass.; national warden, Nathan McNamara, of New London, Conn.; national chaplain, Rev. P. J. McGilvery, of Middletown, Conn.; national physician, M. T. McMannus, of New York.

The new members of the board of directors are: Messrs. P. L. L. McArde, of Chicago; H. V. O'Donnell, of Providence, R. I.; W. A. Pendergast, of Brooklyn, and J. B. Cavanaugh, of Montreal, to serve three years. Those elected for two years are: Joseph C. Pelletier, of Boston, and John D. White, of New York.

At the evening session a vote was passed whereby the salary of the supreme knight shall be raised from \$1,500 to \$2,500, and it was decided to hold the next convention either at Plattsburg, N. Y., or at Atlantic City, N. J., the final choice to remain with the supreme knight.

### Mother Superior Mariana Dead.

Los Angeles, Cal., March 7.—Mother Superior Mary Marinana is dead at the Sisters' hospital, aged 71 years. She was for many years in charge of the large orphan asylum at Richmond, Va., and was treasurer of the Order of Sisters of Charity of the United States. For the last 23 years she has lived at Emmetsburg, Md. She had been paying her yearly visit to the house of the order and arrived in Los Angeles from New Orleans a month ago, ill with pneumonia. She rallied from this and 10 days ago was stricken with paralysis. This was followed by two other strokes, the last of which caused her death.

### Slaves Were Released.

London, March 7.—News received from Northern Nigeria, bringing events there up to Jan. 31, describe the operations of a British expedition of about 300 against the marauding Imers of Bida and Konegora. Both capital towns were burned by the British. About 200 slave women belonging to the king of Bida were released by about 36 men under the command of two officers, who successfully engaged about 1,000 armed natives.

The navy cost, for the two years 1897-1898, \$63,562,000, while for the years 1901 and 1902 these appropriations amount to nearly \$144,000,000.

For the payment of pensions the appropriations show an increase of nearly \$8,000,000 for the two years.

## RAILROAD STOCKS

Absorbed in the Market Wednesday.

Wide Fluctuations in Some Specialties.

New York, March 7.—The character of Wednesday's stock market was very similar to that of Tuesday. Absorption of railroad stocks of a high grade by buyers of abundant resources and of a substantial kind went on side by side with wide fluctuations in some of the highly speculative specialties. So far as the railroad department was concerned, activity was shifted to some extent from those stocks which were most prominent Tuesday.

Tuesday's late movement in Burlington was continued at the outset Wednesday and the stock was carried up 2% to 150%, a record price. The strength of the stock was due to the fact that large competing railroad interests are admittedly buying the stock, professedly for investment, but, according to the Wall street interpretation, with a possible view to consolidation, or, at all events, to the extension of a community of interests. Union Pacific, Northern Pacific and Pennsylvania were all said to be interested in the buying. The Baltimore and Ohio railroad stocks continued to show conspicuous strength, the common advancing 3 and the preferred 2 1/4. There was also a striking movement in Atchison preferred, which carried it up 3 points. The common stock of this road, Union Pacific, Southern Pacific and Louisville and Nashville were also very strong.

Among the industrials Amalgamated Copper and Sugar claimed the largest share of attention. The former opened down 1/4 on reports of a renewal of antagonistic measures in Montana. It was strongly supported and was rallied 2 1/4 at one time, but in the late dealings it broke below 101 and closed with a net loss of 2 1/4. Sugar was forced under Tuesday night for only a brief period, and after varied fluctuations closed with a net gain of 1%. The steel stocks continued much neglected and heavy in tone. The formal steps towards the completion of measures to insure the exchange are still in progress. While the new securities thus remain non-existent operations in the group are hampered. The sub-treasury has taken nearly \$3,000,000 from the market since last Friday, and bankers report that the turn in the tide of the interior money movement to New York is at hand. Call money shows a tendency to work somewhat closer.

The railroad bond market continues active and prices generally higher. Total sales, par value, \$5,080,000.

United States 3s. registered, declined 1/8 per cent on the last call.

# PEACE IS NOW NEAR

President McKinley Congratulated by Judge Tait on Philippine Conditions.

## NATIVES ARE CO-OPERATING

Attacks By Rebels in Panay Now Occur But Rarely—Several Municipal Governments Established And More Are Asked By Natives.

Washington, March 7.—Secretary of War Root received the following cablegram from Judge Taft, president of the Philippine commission:

Manila, March 3, 1901.  
On eve of president's second administration wish to convey to him assurance great progress made to ward peace. Since Jan. 1, 127 firearms captured and 1,368 surrendered. Captures, surrenders both due co-operation natives. Since November 5,000 bolomen surrendered in Ilocos; 1,000 in Albay and Camarines; 60,000 residents Panay taken oath of allegiance; offensive attack by insurgents now of rarest occurrence; Delgado, insurgent leader, Panay, with 350 men and rifles; Angeles and Simon Techon, with 200, Bulacan, have surrendered. Lacuna, Mascado, Pablo, Techon, Sandico and other leaders have made overtures surrender, but condition immunity from prosecution for alleged complicity in assassination; not conceded, has delayed consummation. Federal party, avowed and direct outgrowth election, has spread with wonderful rapidity all parts archipelago and is active and urgent in advocacy of peace and presenting advantage of civil liberty under American sovereignty; assisted in securing surrenders in Panay. Party banquet of 300, eve Washington's birthday, and gathering of 7,000 members party on Luneta to hear loyal, earnest addresses leading Filipinos, were most convincing of its power, purpose, completely representative character. Commission has last three weeks organized five provincial governments, Pampanga, Pangasinan, Tarlac, Bulacan, Bataan; last two are Tagalog provinces. Each provincial capital in a body, met by appointment presidents, councilors and principal men of towns; explained provisions general provincial act and special bill for particular province, and invited discussion natives present of both bills. Conventions thus held very satisfactory; amendments suggested considered, special bill enacted, appointments followed. Explanation purpose president, people, United States to secure civil liberty received with enthusiasm. Anxiety for provincial government every where apparent and satisfaction with form adopted manifest. Reception from people at large, along way and in capitals, most encouraging. At Dagupan met convention 350 delegates from 34 out of 35 towns. In others less delegates in attendance, but not less interested. Enthusiastic meetings federal party, called by president and directors party, who accompanied us, held every capital visited. In three large provinces natives appointed provisional governors. In Bataan, on petition eight out of nine towns, volunteer officer appointed. In Tarlac feeling between loyal factions required appointment American. Expression loyalty by all natives in convention emphatic, sincere. In compliance with urgent native invitations leave March 11 for south to organize provinces Tayabas, Romblon, Ililo, Capiz, Zamboanga, such others as ready. Returning shall organize Zambales, Union, Gagayan, Ilocos, Norte. Military governor has recommended organization Batangas, Cavite, Laguna, Nueva, Ecija, but shall delay action as to these until return from northern and southern trips. Fragmentary cable dispatches detailing small engagements, which are only the result increased activity army after close wet season and efficient policing country, made possible by active native co-operation, create wrong impression on mind of public as to probable continuance war and as to conditions, which have in fact never been so favorable to restoration of complete peace and accom-

plishment of declared purpose of president."

### CARMAN GAVE THEM AID.

By Trading Put Over Six Million In Indians' Coffers.

Vancouver, B. C., March 7.—Japanese papers received by the steamer Empress of India have full details of the occurrences leading up to the arrest by the military police of Manila, on Feb. 7, of D. L. Carman and Señor Carranza, on the charge of aiding the insurgents. The two men under arrest did business in the Philippines as contracting agents under the firm name of the Carman company. By means of letters of introduction and influential friends Carman is said to have secured permission to go at will between the lines. This privilege gave him an immense advantage over other Manila merchants, and it is charged that he utilized this opportunity to transact an immense business with the insurgents, selling them supplies and storing for them copra and lumber, which he is said to have sold to advantage for the insurgents, putting \$6,100,000 into their coffers.

### One Child Dead.

Pittsburg, March 7.—Grieving for an absent mother and the once happy home shattered by death and misfortune, Martin Higgins, aged about 3 years, son of William Higgins, of McKeesport, died at St. Paul's Orphan asylum, in Pittsburg. The child was the baby of the family and seemingly pined away from a desire for home and mother. The other two children who are in the asylum are aged 5 and 8 years, and they are both said to be very ill. The children are receiving every attention at the hands of the sisters at the institution, but they seem to lack vitality or the desire to live.

### May Be Assistant Secretary of War.

Washington, March 7.—The president selected William Carey Sanger of New York, for assistant secretary of war, in succession of George D. Meiklejohn, of Nebraska, who has held the office for the last four years. Colonel Sanger, with his wife, formerly Miss Dodge, a daughter of General C. C. Dodge, of New York, has been a guest at Secretary Root's home.

### Durant Worked a Fake.

Paris, March 7.—The report that John Wilson Durant, of Albany, N. Y., who had been living during the last two years in Paris with his mother, had been killed at Ostend in a duel with a Russian count, was an invention of his own. Mr. Durant is still alive.

### Preached In Baltimore.

Pittsburg, March 7.—Dr. D. M. McClellan, of Allegheny, was in Baltimore supplying the vacant pulpit of the North Avenue church of that city. This is the church which has called to its pastorate the Rev. Dr. Thomas Atkinson, of Carnegie, who will begin his work in Baltimore as soon as he returns from his trip to the Holy Land.

### The Rev. Dr. William Bright Dead.

### Members of Cabinet Sworn In.

Washington, March 7.—The members of the cabinet were sworn in in the cabinet room at the white house.

A widow who has made up her mind to marry again has a great deal more sense in laying traps than a widower.—Atchison Globe.

## ENGLAND WARNED.

Morgan Said War Would Result If She Tried to Enforce Bulwer Treaty.

Washington, March 7.—Again Tuesday Vice President Roosevelt was the central figure of the opening proceedings of the senate. When he appeared at his desk to call the senate to order a wave of applause swept over the thronged galleries. He evidently was impatient at the demonstration, and, sharply tapping his desk with the gavel, warned the spectators that a repetition of the applause would result in an order to clear the galleries.

After a brief debate the amendment to the rules of the senate placing a limit upon debate, offered Tuesday by Senator Platt, of Connecticut, was referred to the committee on rules. The debate developed the fact that no intention exists on the part of the proponent of the amendment to urge its discussion at the present extraordinary session.

Mr. Morgan, of Alabama, who on Tuesday offered a resolution declaring the abrogation of the Clayton-Bulwer treaty between the United States and Great Britain, addressed the senate for nearly two hours upon his proposition. His admonitions to Great Britain were particularly sharp. He declared that if Great Britain should endeavor to enforce the terms of the treaty the effort would result in a war in which the great empire which had controlled for scores of years the commerce of the world would be swept from power and her new king would be left with only sovereignty over his own island.

### Hay Had to Testify as to Himself.

Washington, March 7.—Secretary Hay has been obliged to testify to his own ability and fidelity. Wednesday he signed his own commission, as he is required to sign all the commissions of cabinet officers, and he thereby declared that he imposed implicit confidence in himself and in his own fidelity and ability.

### BEYOND DOUBT

These Facts Must Convince Every East Liverpool Reader.

That which follows is the experience of a resident of East Liverpool. Incredulity cannot exist about the statement, because it can readily be investigated.

Mr. Henry Bevington, who resides at the corner of Avondale and Bradshaw avenue, says: "During three years I had attacks of dull, steady aching in the back. When stooping or sitting for some time it would change to a quick pang as I arose to an upright position. My back tired out easily when walking or standing long, and I often had headaches, dizziness, and in the morning great depression. I took medicines, many of them, but found Doan's Kidney Pills, sold at the W. & W. pharmacy, to be more suitable for my complaint than anything that I had ever tried."

Sold for 50 cents per box by all dealers, Foster-Milburn Co., Buffalo, N. Y. sole agents for the U. S.

## DR. PIERCE'S Favorite Prescription

"I am so grateful to you for your advice," says Mrs. Sidney B. Oakes, of Whitmell, Pittsylvania Co., Va. "When I commenced your medicines I had been treated by different doctors for three months or more, but would only receive partial relief for a short while and then would be worse than before. Was confined to my bed most of the time. At the time I commenced your treatment my left side was completely paralyzed. Had no desire to eat anything; bowels constipated all the time. Nerves were all unstrung, so I could not bear the least noise. I also suffered from diseased ovaries and female weakness. But thanks to my Maker and you, after following your advice, I am able to do all my washing, sewing and house work in general. I haven't had a spasm in two months. Left off medicines about one month ago. Didn't think it necessary to continue them longer. I have taken about seven bottles of Dr. Pierce's Favorite Prescription, seven of the 'Golden Medical Discovery,' and two vials of 'Pleasant Pellets.' I heartily recommend those medicines to all suffering as I was."

### ST. STEPHEN'S LENTEN CHIMES.

Noonday Services Well Attended—Arrangements for Easter.

A very interesting address was delivered by the rector yesterday at the noonday services.

The Sunday school teachers held a very important meeting last evening and made arrangements for the children's Easter services.

Notwithstanding the cold weather yesterday the Lenten services were well attended.

Choir rehearsal this evening at 7:30.

The rector will hold a cottage lecture this evening at the home of Mrs. A. Lowe, Trentvale street, from 7 to 9. Services Friday at 12:30 and 7:30 p. m. Subject for noonday services: "Forecasts of Life."

### Association of Ideas.

The 3-year-old son of a flat dweller, who had heard his father complain occasionally because the janitor was drunk and "in no condition to attend to his work," went to the flat above his own last week and rang the bell. When Mrs. Blank answered it, the young man said:

"Please, Mrs. Blank, can't your little girl come down and play with me?"

"Not today," said Mrs. Blank; "she is in no condition to play."

"What's the matter?" asked the boy anxiously. "Is she drunk?"—New York Sun.

### Couldn't Keep It.

After hearing evidence in an assault case between man and wife, in which the wife had had a deal of provocation, the magistrate, turning to the husband, remarked:

"My good man, I really cannot do anything in this case."

"But she has cut a piece of my ear off, sir."

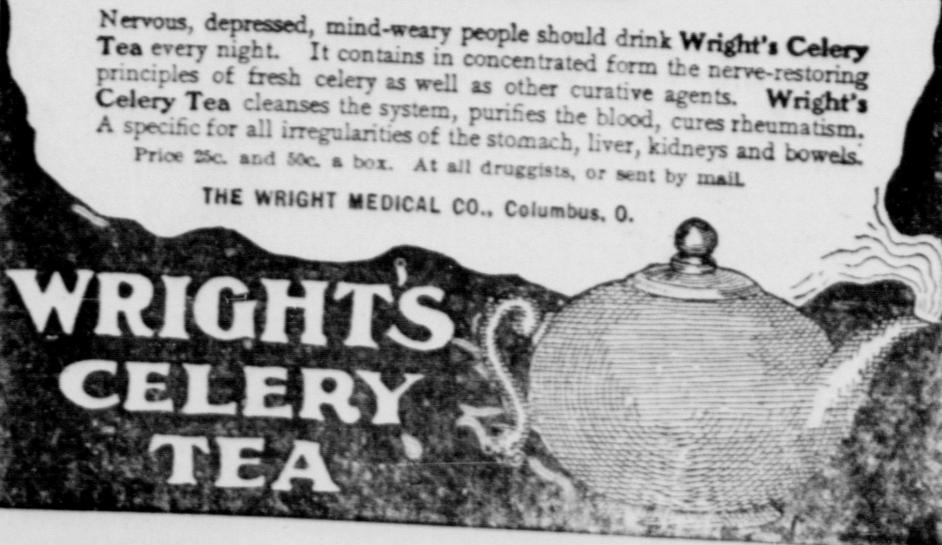

"Well," said the magistrate, "I will bind her over to keep the peace."

"You can't," shouted the husband; "she's thrown it away!"

### An Embarrassing Laugh.

During a funny turn on the stage at the Walnut Street theater, Cincinnati, one night a man in the balcony leaned over the railing convulsed with laughter. During an extraordinary burst of hilarity his false teeth flew from his mouth and fell in the lap of a lady who was sitting in the parquet. Those near looked up and saw the toothless man waving frantically to the lady to pick up his teeth. This caused a general laugh at his expense. The teeth were returned by an usher.—Exchange.

## EIGHT AT THE ALTAR.

This Number Added to M. P. Converts  
Twelve Joined the  
Church.

The revival meetings now running in the Methodist Protestant church are proving "times of refreshing," indeed. Eight persons presented themselves at the altar last night, all of whom professed conversion, and 12 united with the church. This makes 15 accessions and 19 conversions in the three nights.

The seekers last night are described as both from the Sunday school and the saloon, and the accessions from childhood to over 52 years of age. The congregation present was great, Prof. Evans sang with great power. Those who wish seats tonight are advised to come early, large as are the accommodations.

### CHRISTIAN CHURCH.

Large Attendance, Good Sermon And  
One Convert.

The meeting at the Christian church Wednesday evening was well attended, and those present were well repaid.

Rev. J. William Gorrell delivered an excellent sermon on "Excuses Given for Not Coming to Christ." He cited the parable of the Lord inviting guests to His feast, from whom He received the most "silly and contrary" excuses for not attending. The speaker said it was the same today, that the excuse for not being a guest at the feast of the Lord were just as ridiculous as the ones cited in the parable.

A. Dow Butterick, the singing evangelist, is still conducting the musical services in a successful manner, and during the evening sang a beautiful solo. One conversion followed the meeting. Services this evening at 7:45.

### Father O'Callaghan III.

Father Smyth received word yesterday afternoon of the serious illness of Father E. M. O'Callaghan, of St. Colman's church, Cleveland, and left on the afternoon train for Cleveland. Father O'Callaghan has been in this diocese for 40 years and is well known to a large number of the people in this city.
